Official names are so-identified in the province's Geographical Names dataset, the BC Gazetteer, on the BC Geographical Names website, and will be labelled on future editions of suitably-scaled provincial and federal government maps.

Adoption of these names does not prejudice legitimate claims to the land.

I trust that these arrangements are satisfactory. Please feel free to contact me with any questions.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Jack', with a stylized, cursive script.
