To Whom it May Concern,

Re: 100 Mile Nordics Ski Society Grant Application – Rural Dividend Program – Request for Special Circumstances Funding

School District No. 27 is pleased to offer its support to the 100 Mile Nordic Ski Society in their grant application to the Rural Dividend Program – Request for Special Circumstances Funding. The 100 Mile Nordics Society is a valuable asset to the South Cariboo.

During the 2017-2018 school year 150 grade three students from the South Cariboo had the opportunity to participate in the 100 Mile Nordic's Ski S'kool Program at no cost. This program was supported by Parent Advisory Groups and was a great success. School District No. 27 looks forward to utilizing this program with our students for years to come.

School District No. 27 fully supports the efforts of the 100 Mile Nordics Society as they seek funding to install a new trail lighting system.

Sincerely,

Mark J. Wintjes  
Superintendent of Schools
