***SERVING HORSEFLY
SINCE 1992***

WE'VE COME A LONG WAY!

The proceeds for our 2018 Grant for Assistance was used to purchase the equipment for the satellite radio antenna (per the application) and to purchase a new electric start generator to run the lights on Engine 11.

The satellite radio antenna will make our communications a lot more effective during power and phone outages. We learned the hard way that we needed to improve that system during the wildfires of 2017.

Engine 11 came with a generator when we purchased it, but it was a temperamental beast that may or may not start and we had to operate in the dark a couple of times. The new one was purchased from Williams Lake Honda and lights up the night just perfectly and you don't need to be a mechanic to start it!

Horsefly Volunteer Fire Department is very grateful for the Grant for Assistance that made it possible for us to obtain this important equipment.

Horsefly Volunteer Fire Department with Engine 11. Photo is on the occasion of receiving a donation from the Lions Club in Williams Lake. Bob Donker (Lions Club), Cecil Morhart (Chief), Linda Bartsch (Secretary Treasurer)
