SECTION 2: Planning Report

Background:

It is proposed to rezone a 54.8 ha (135.79 ac) agricultural property to subdivide into three lots within a family for residential use. The subject property is currently zoned as Resource/ Agricultural 1 (RA 1) in the South Cariboo Area Zoning Bylaw No. 3501, 1999.

The proposed lot sizes do not comply with the permitted lot size provisions under the current zoning of RA 1. Therefore, the applicant proposes to rezone the subject property from RA 1 to Rural 1 (RR 1) zone in order to subdivide the property into one 13.6 ha (33.6 ac) lot and two 20.6 ha (50.9 ac) lots. The proposal is shown in Appendix C. It is also proposed to change the designation from Resource to Rural Residential 1 in the Green Lake and Area Official Community Plan.

Location & Surroundings:

The subject property is located to the north of the Watch Lake with Watch Lake Road that passes through the property as shown in Appendix B. Currently, there is a dwelling, pole shed, log barn, and a pump house existing on the south side of the Watch Lake Road. The north side of the road is a vacant land with dense tree coverage. The property is surrounded by single-family dwellings to the east and west, and unsurveyed vacant Crown Land to the south and north of the subject property.

Relevant Applications:

There are two relevant applications surrounding the subject property that got approved within the past decade. Both the properties are associated with Rezoning Application situated south-east of the subject property. The two properties were rezoned from Resource/ Agricultural (RA 1) to Rural 1 (RR 1) for creating a separate lot encompassing the existing home-site, and a rural residential lot.

CRD Regulations and Policies:

3501- South Cariboo Area Zoning Bylaw, 1999

5.18 RURAL 1 (RR 1) ZONE

5.18.2 ZONE PROVISIONS

- (a) LOT AREA (minimum) = 4 hectares (9.88 acres)

Rationale for Recommendations:

Being surrounded by properties with similar land-use and undeveloped Crown Land, the proposal has minimal impact on adjacent properties. Therefore, planning staff recommends approval of this application.

Recommendation:

That the South Cariboo Area Zoning Amendment Bylaw No. 5159, 2018 to rezone the South East 1/4, District Lot 3810, Lillooet District, Except Plan KAP65017 from Resource/Agricultural 1 (RA 1) zone to Rural 1 (RR 1) zone; along with the Green Lake Area Official Community Plan Amendment Bylaw No. 5158, 2018 to re-designate the subject property from Resource designation to Rural Residential 1 designation be approved.

Interior Health appreciates the opportunity to comment on this proposal which changes the current OCP and zoning designation to permit a 3 lot subdivision.

The Healthy Community Development supports the Interlake Official Community Plan which has sound community planning principles while recognizing the need to encourage planned growth.

This proposal would encourage the use of private vehicles due to safety and distance to commute. The reliance on private vehicles can reduce a residents' ability to have an active lifestyle, physical activity and opportunities to access amenities. Physical activity and access to amenities has been shown to reduce disease incident, improve quality of life therefore reducing health care costs.

Physical activity is among the most significant modifiable behaviours that can influence a person's likelihood of developing chronic diseases, such as diabetes, heart disease, stroke or cancer.

The location of this development and the distance to services while requiring the use of a vehicle also increases greenhouses gases which impacts air quality.

The *Healthy Built Environment Linkages Toolkit* is an evidence based resource which links planning principle to health outcomes.

Peter Crauchay: Concerned that a possible 12-10 Acre Parcels could become from this subdivision. Does not support the zoning. Therefore would like it to be a Special Exemption zoning with no further subdivision.

Alan Boyd:

Notes an Unseemly Premises Complaint still outstanding and needs to be clarified and remedied prior to Final Adoption.

All members of the APC were in agreement on these items.
