Quesnel-Hixon Subdivision Erosion Protection Works Service Parcel Tax Bylaw No. 5165, 2018

Voting:

Corporate Vote – Unweighted

(Stakeholder weighted; however only one participant so defaults to corporate unweighted)

Memorandum:

Bylaw No. 5165 is presented for consideration of three readings and adoption as a necessary component of the arrangements made at the time of the establishment of this service. The parcel tax is subject to increase significantly depending on circumstances; therefore, a new parcel tax bylaw is required per annum after the results of spring run-off are known.

Financial Implications:

The parcel tax rate of \$1,000 is consistent with past years. The Regional District is required to maintain the infrastructure for a period of ten years, hence the annual parcel tax. The parcel tax is a safeguard against potential damage to the infrastructure in a year of severe spring freshet or other circumstances; however, the majority of the funds are accumulating, as there has been no need to undertake repairs.

Policy Implications:
