Dear Josh:

100 Mile Minor Hockey is requesting advertising space in the lobby of the South Cariboo Rec Centre. As the largest Minor sport organization in our community as well as the largest ice user, we are limited by the amount of team sponsorship and registration fees that we can generate annually for our operations. Each year we receive smaller donations from individuals and businesses within our community and we would like to be able to showcase their contributions by posting a banner in the lobby.

For 10 years, we have been fortunate in receiving Community Gaming Grant Funding from the Province of BC; however, we are very aware that this funding is never a guarantee and that we must always be prepared to cover 100% of our operating costs without these funds. We have implemented several fundraising programs to assist with supplementing operations over and above registration; however, the option of hanging this donation banner in the lobby would give us another avenue to generate funds.

Our wish would be to hang a small flag banner like the one shown below and with each company name and phone number on it for the season. The flags would be either triangular or rectangular in shape.

Thank you for your consideration.

Yours truly,

100 MILE & DISTRICT MINOR HOCKEY
