- (a) if the area is in another municipality, the council must obtain the consent of the council of the other municipality;
 - (b) if the area is not in another municipality and is not treaty lands, the council must obtain the consent of the regional district board for the area.
- (2) In giving consent under subsection (1), the other local government may establish terms and conditions, including terms and conditions respecting
- (a) limits on the service to be provided in its area, and
 - (b) the process for terminating provision of the service in its area.
