Hi Alana:

Thank you for reaching out! I know it is frustrating and this is one item that does keep me up at night I will take this to my Central Cariboo colleagues on November 28th to discuss establishing a RD Service to deal with stray dogs/cats.... I am intended to host a community meeting on this topic and water concerns in the Wildwood community this coming spring and we can see where it goes from there....

Again, thank you for taking the time to write. If you want to discuss further over the phone – my number is 250-267-6725

Thanks!

Steve Forseth

Subject: Wildwood neighbourhood

Hello Steve. I'd like to talk to you about a dog that is running loose in the neighbourhood. It is usually out and about roaming peoples yards and running the streets. Today I was out for a walk with my 6 month old son and this dog was running down the street and it came out of a yard as I was walking by and got very aggressive. Barking at me and my son in the stroller with hackles up and tail pointed straight. Thankfully my neighbour saw what was going in because she drove her vehicle between me and the dog and the dog ran.

I have contacted many people and made a post about this dog... As have many others in the neighbourhood and I just don't know what to do anymore! I am a total animal lover and it pains me to know the owners of that dog are so irresponsible.

I know the SPCA won't come and get the dog and that the RCMP won't help so I'm hoping that you can get this message where it needs to go.

Thanks Steve!

Regards,

Alana Wilson

Subject: Need for animal control in Wildwood.

Dogs running loose in Wildwood:

There is a particular dog who runs the neighbourhood day and night. This dog is in and out of neighbours yards causing chaos with peoples dogs who are fenced in. The owners have been spoken to many times apparently and doesn't seem to care. This dog is starting to get aggressive with people just walking down the street and this morning a young mom felt threatened and this dog who came at her and her baby. A witness drove her car in between them and the dog ran off.

Safety in Wildwood is becoming an issue now with this dog running around.

The dogs safety is also a concern as people will take care matters in their own hands as there is no one who will come to Wildwood to help deal with it.

I have lived here 25 years and in the past dogs were being fed anti-freeze which is a horrible way to deal with a dog issue and my concern is this type of thing will happen again. Something needs to be done about this issue for the safety of the community and the poor dogs who are free to roam.

I never take my dog for walks here and I should be able to but I don't want her to be attacked by another dog or a pack of dogs as this particular dog has been seen roaming with other dogs.

Regards

Norah Gregor
