## **2019 Business Plan Electoral Area F Community Halls Support Service (1561)**

*Darron Campbell, Manager of Community Services*

***Working in partnership with communities, large and small, to make the Cariboo Chilcotin a socially, economically and environmentally desirable region to live, work and play.***

---

### **Department/Function Services**

The Electoral Area F Community Halls Support Service was established through Bylaw No. 4259 in 2007.

The purpose of the service is to provide funds, by means of contribution contracts (January 1, 2018 - December 31, 2022), to support five community halls in Electoral Area F of the Central Cariboo. The halls are the Miocene Community Hall, 150 Mile House Community Hall, Big Lake Community Hall, Likely Community Hall and Horsefly Community Hall. Support from this service is directed to the community associations which manage the properties for costs associated with owning and operating the facilities. The funds are to be expended on insurance, utilities and capital improvements. This contribution is in recognition of the important role the local halls play in the stability and healthy activity within communities.

The service area includes all of Electoral Area F. Requisition is by way of a parcel tax which is applied to a maximum of two parcels per unique owner identifier. The requisition limit may not exceed the greater of \$50,000 or \$0.1131/\$1,000 of assessed value of land and improvements.

As the Electoral Area F Director is the only stakeholder, and the *Local Government Act* requires more than one vote, the entire Board is responsible for the governance of this service.

## **Business Plan Goals, Rationale & Strategies**

### **2019 Goals**

- 1.     Goal:** Upgrade the floor at the Likely Community Hall.  
**Rationale:** The floor is nearing the end of its effective lifespan and needs to be replaced. The project is consistent with the purpose of the community hall support function.  
**Strategy:** The Likely and District Chamber of Commerce will manage the project with updates to and advice from Regional District staff.
  
- 2.     Goal:** Perform maintenance on the siding at the Big Lake Community Hall.  
**Rationale:** A few pieces of the siding have holes from birds and need to be replaced. The project is consistent with the purpose of the community hall support function.  
**Strategy:** The Big Lake Community Association will manage the project with updates to and advice from Regional District staff.

### **Overall Financial Impact**

The 2019 requisition remains the same as the 2018 requisition at \$50,133.

### **Significant Issues & Trends**

Rising costs for insurance, utilities, renovation materials and labour may cause the goals for future years to be revisited. However, it is also expected that the improvements to the hall and recreation areas will increase community pride in the property and lead to better usage and more fundraising opportunities.

The Cariboo Regional District is a signatory on the Province of BC/UBCM Climate Action Charter, and has committed to continuing work towards carbon neutrality in respect of corporate operations.

### **Measuring Previous Years Performance**

**Goal:** Improve drainage near the front entrance of the Big Lake Community Hall.  
- Complete.
