

2019 Business Plan Horsefly Streetlighting (1430)

Peter Hughes, P.Eng. Manager of Environmental Services

Working in partnership with communities, large and small, to make the Cariboo Chilcotin a socially, economically and environmentally desirable region to live, work and play.

Department/Function Services

The Cariboo Regional District facilitates streetlighting for the residents in the Horsefly area as established by Bylaw No. 4 and amended by Bylaw No. 4820. This service was established in 1969 and is taxed using assessed value of land and improvements; no taxation limitation has been determined by bylaw. The local service area is illuminated by 10 streetlights.

As the Electoral Area F Director is the only stakeholder, and the *Local Government Act* requires more than one vote, the entire Board is responsible for the governance of this service.

Business Plan Goals, Rationale & Strategies

No goals identified in 2019.

Overall Financial Impact

The 2019 requisition remains the same as 2018.

Significant Issues & Trends

In 2018, BC Hydro rates increased by 3%. It is anticipated that rates may increase by 5.2% over the next two years.

BC Hydro is assessing the use of LED lights for streetlighting and they are currently undertaking a pilot project. Expect LED lights in the future.

The Cariboo Regional District is a signatory on the Province of BC/UBCM Climate Action Charter, and has committed to continuing work towards carbon neutrality in respect of corporate operations.

Measuring Previous Years Performance

No goals identified in 2018.
