2019 Business Plan Kersley Streetlighting (1442)

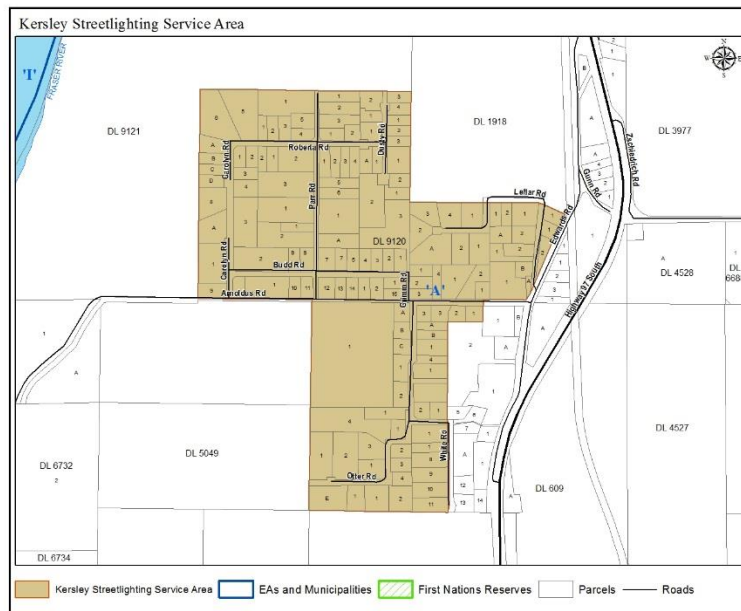

*Peter Hughes, P.Eng.,
Manager of Environmental Services*

Working in partnership with communities, large and small, to make the Cariboo Chilcotin a socially, economically and environmentally desirable region to live, work and play.

Department/Function Services

The Cariboo Regional District facilitates streetlighting for the residents in the Kersley area as established by Bylaw No. 3636 in 2000. The taxation limit for this service is the greater of \$6,000 or \$0.47/\$1,000 of assessed value of land and improvements. The local service area is illuminated by 21 streetlights.

As the Electoral Area A Director is the only stakeholder, and the *Local Government Act* requires more than one vote, the entire Board is responsible for the governance of this service.

Business Plan Goals, Rationale & Strategies

No goals identified in 2019.

Overall Financial Impact

The 2019 requisition remains the same as the 2018 requisition.

Significant Issues & Trends

In 2018, BC Hydro rates increased by 3%. It is anticipated that rates may increase by 5.2% per year over the next two years.

BC Hydro is assessing the use of LED lights for streetlighting and they are currently undertaking a pilot project. Expect LED lights in the future.

The Cariboo Regional District is a signatory on the Province of BC/UBCM Climate Action Charter, and has committed to continuing work towards carbon neutrality in respect of corporate operations.

Measuring Previous Years Performance

No goals identified in 2018.
