Re: Request for a 2018 funding contribution to the Williams Lake Climbing Association.

To Whom It May Concern,

The Williams Lake Climbing Association (WLCA) is a registered not-for-profit society promoting safe and accessible indoor rock climbing opportunities. Our volunteers are passionate about personal and community growth and use climbing to encourage physical and cognitive health benefits, communication skills, and confidence building.

The WLCA offers an indoor bouldering program, operating out of the Lake City Secondary School small gym over winter and spring, in partnership with the City of Williams Lake and the School District. We have undergone an expansion of the existing climbing wall structure which will enable us to continue to encourage climbers of all ages and abilities, as well as provide a large safe climbing space for new climbers. We are seeking donations of, or any monetary contribution towards, the following materials needed to complete the new climbing wall:

- Assorted climbing holds
- Climbing shoes sizes Kids to Adults
- Crash mats

Thank you for helping us to promote indoor climbing as a path to health and community development in the Williams Lake area. Please contact me at emily.clearwater@gmail.com for more information or questions, or to arrange an in-person chat.

Sincerely,

Emily Clearwater, President
