Dear Member Local Government,

On behalf of Victoria City Council, I am requesting your favourable consideration and resolutions of support for shifting investment to low-emission transportation.

At the January 31, 2019 Council Meeting, Council approved the following:

Resolution: Shifting Investment to Low-Emission Transportation

WHEREAS the Prime Minister of Canada and the Premiers of BC and most provinces signed the Pan-Canadian Framework on Clean Growth and Climate Change in 2016, endorsing a policy shift that could substantially reduce greenhouse gas (GHG) pollution from transportation while funding public transit improvements, including inter-city and commuter bus and rail service;

AND WHEREAS the transportation sector is the second-largest contributor of GHG pollution in Canada, representing 23% of total emissions;

THEREFORE BE IT RESOLVED that local governments call on the Governments of Canada and British Columbia to fully implement their commitment in the Pan-Canadian Framework on Clean Growth and Climate Change, to shift investments “from higher to lower-emitting types of transportation”.

We look forward to your support on this matter.

Sincerely,

Lisa Helps
Victoria Mayor
