Dear Board Members:

Re: Support for Proposed Bus Service Cariboo North

On behalf of my constituents of Cariboo North I am requesting the Passenger Transportation Board open the bidding process for a passenger service in Cariboo North. Since the closure of Greyhound there is absolutely no publically offered transportation. This has left my constituents of Cariboo North stranded.

Many of my constituents have Doctors' appointments either in the North or South, all though the Northern Health Bus has a wonderful service it is not accessible to all. Many residents have family all over BC and they are unable to visit them as a bus is their only form of transportation.

I sincerely hope that this important service can be restored as soon as possible, as my constituents are stranded with no transportation.

I await your response.

Regards,

Coralee Oakes
