2	you raise the tax 3.2 % much higher than your anticipated costs are. When it is VERY CLEAR that most assessments are going through the roof, often falsely calculated, then the tax increase is on an INCREASE in assessments.. this is a double whammy and you are getting greedy. 7	i believe funding for 100 mile recreation is dumped on residents of 108 mile , funding area has to be honest and fair, not small areas allowed to opt out. Furthermore costs should be averaged out , because of your inflated valuation of our assets , pensioners are penalized, two old people should not pay what a family does. if costing a project , a area needs to have home owners decide, not renters, and cost should be capped averaged.	2/5/2019 1:49 PM

22	We were wondering how involved the CRD is with supporting local business and organizations that support CRD rate paying business outside of the City. Taxes collected to support tourism seem to be going to one group only and that is a concern as more than the CCCTA are involved in supporting our rural business operators.	1/28/2019 11:50 AM

43	I live along Elm Street and I can firmly state that there is a huge need for street lighting, at the very least and eventually sidewalks as many people are out walking at all times of the night. Additionally lighting and sidewalks on Maple drive where there are two schools, and huge logging trucks and B-trains rattling along. Thirdly, right now on the Canadian tire corner of Cedar and highway 97, if some uses the crosswalk to cross the highway towards Cdn tire, they must walk on the road for approximately 50 feet to get onto the safety of the sidewalk on the road that runs parrallel to the highway. It is appalingly dangerous as people coming off the highway are not expecting to see people on the road. Really bad execution of pedestrian safety planning. 85	Streetlights and sidewalks on Gook Road	1/28/2019 8:49 PM
86	I don't receive the current services offered in the CRD for which I pay taxes for. I am on my own well water and septic system. Also I am responsible for my own garbage and recycling. I'd like to see an increase in street lighting as there is currently none in the area	1/28/2019 8:06 PM
87	Finalize the transfer of the Lexington Water System to the CRD so we can lift the boil water advisory!	1/28/2019 6:49 PM
88	A walkway, like the river walk, along Maple drive from hwy 97 to Redbluff Rd. There are two schools there, children are walking to and from school on the road. Also sewer services would be great! I like on Oak Ave and would be happy to see sewer services. Yes, I would pay extra taxes for extra services.	1/28/2019 5:56 PM
89	No. CRD already is doing things outside its core mandate. Activities should be cut back.	1/28/2019 5:16 PM
90	No, you if anything the vrd needs to tighten their belt and reduce taxes. Everyday we are bleeding jobs and the resultant loss of decent paying wages and taxable work sites . Money is tight and it is about time government realizes the piggy bank is broken and robbed bare	1/28/2019 5:10 PM

1	The proposed tax increase for the 150 fire hall is another hard tax hit along with BC Hydro increases, ICBC increases, home insurance increases. The golden years are not so golden as seniors struggle to stay in their homes on fixed incomes. I appreciate the 150 Fire Hall and Rescue workers but I am afraid that then \$80/\$100,000 assessed value is a huge increase this year...but what will that rise to in the following years?. I can't believe that we are paying over \$500 for the Recreation Center (which I don't use) and so little for the hospital. Are there other Federal grants available for infrastructure on emergency or essential services like fire protection?	2/19/2019 8:08 AM
2	Something should be done between the CRD & City to build a new Museum	2/17/2019 12:12 PM
3	Alot of items currently covered by everyone should be dropped and be offered as user pay. A lot of older and general aged people don't want to pay for things they don't, never have and never will use...eg. library, pools, hiking trails, airport that is mostly used for private planes, etc..all the extra things that are not necessary.	2/16/2019 8:13 AM

14	Wildfire, making our community's safer we seem to be leaving this task to someone else ? This is pushing our insurance rates up, I would rather put this money to work in making our community's more fire safe. We have suffered 2 summers now with very poor air quality , this also effects Tourism in this area too, these dollars are important Too.	2/8/2019 1:18 PM
15	We require fairness , everything needed is costed and we are asked to pay, what exactly do we get for our tax dollar?	2/5/2019 1:54 PM
16	I would like to stress that the city and perhaps crd has a plan to increase trail systems and tourism if this is in fact true then rescue services need to increase proportionally.	2/5/2019 1:01 PM
17	Forcing people to pay for services they don't want is criminal.	2/4/2019 10:12 PM
18	no understanding of SEPTIC by the CRD as they do not even inform Health Services about new buildings or renos. Lac La Hache has lots of lawn and garden sprays going into it and no controls are in place. Why do you keep spraying road sides with poison? Why do you spray in areas with water courses going into the lake? When is the area SPRAYED??AT MIDNIGHT? Why do the sprayers NOT wear protective equipment?	2/4/2019 4:07 PM
19	Better communication when emergencies occur	2/4/2019 3:45 PM

20	Property taxes will decrease the attraction of buyers who are moving to our region due to affordable housing in our area. Increased taxes will result in interest decrease and drop in properties purchase. CRD will be better off to support relocation. And properties sales..making money on sales volume and taxes paid subsequently.	2/4/2019 9:28 AM
21	Stop taxing me please. Do refugees pay tax on the income and benefits they receive? Those on EI pay taxes so just curious if those without a job and new to our country are equal. I wonder.	2/4/2019 12:36 AM
22	Fire protection needed for hydraulic rd / hallis lake area.	2/3/2019 9:32 PM
23	We dont feel our Director does anything for rural issues. Director Sjostrom, help us get fire protection on Hydraulic Road!	2/3/2019 8:19 PM
24	Fires every summer are concerning	2/3/2019 8:05 PM
25	A fire department for the hydrolic area would be wonderful Every other branch of the city has one	2/3/2019 7:50 PM
26	Snow plows that dont out a 4 foot high wall of snow across the driveway would also be nice.	2/3/2019 6:54 PM
27	Are we ever going to get a domestic water system that was discussed in the late '90,s. I remember being told "when the sewer system was paid for we would be getting a domestic water system in Area A"	2/3/2019 5:54 PM
28	Thank you for all that you do.	2/3/2019 12:04 PM
29	Please do not promote cellular towers in the Horsefly area	2/2/2019 6:34 PM

31	My concerns are that the way taxes are collected are unfairly taken, I feel tax should be more of an equal amount paid by all and not because my home is more expensive (newer) than my neighbors. We both use the same roads to get to where we are going, take garbage to the dump, go to the same hospital (100 Mile Hospital is lacking in so many services and qualified staff) etc. I personally think if everyone paid the same some would pay way less and a lot would pay way more. I pay a lot in tax and receive nothing extra. No garbage collection, I have to drive my garbage to the local refuse to recycle and throw my 1 bag of garbage in the bin. Yet I speak with others who pay way less in other areas and get way more. Just a few concerns of the unfairness of the tax collection system.	2/2/2019 8:48 AM
32	do something about houses used only as grow ops. if I have to have a building permit so should the grow op houses	2/2/2019 8:27 AM
33	Years ago there was talk of bringing water to the Gook Rd/Jay Rd/Belcarra Rd area. I don't know why those talks ended. Was it cost prohibitive? We have sewers and that must have cost a lot, so I don't understand why water was taken off the table.	2/2/2019 7:28 AM
34	You folks need to realize that you can't keep raising our taxes. Neither my wife or myself have had a wage increase in the past three years. You need to cut back not increase the number of employees. Quit wasting my money, if I had a dollar for every stupid sign you put up at the dumps I could probably afford your money grab. Get some common sense	2/1/2019 2:51 PM
35	Should have a meeting over the Sewer Services, not an open house.	2/1/2019 11:42 AM
36	South Quesnel needs to be taken into the city so that future development is planned. We need walking trails in south quesnel	2/1/2019 9:03 AM
37	Most if not all of area D does not have sewer, water or street lights or garbage collection. Why do we pay tax to fund/ maintain something we don't have in our homes. Also all the home based business in this area, some making hundreds of thousands of dollars and still just pay regular home owners tax rate. They used the property for business they should be taxed like a business.	1/31/2019 8:44 PM
38	There absolutely needs to be street lights and sidewalks in residential areas. Not only is it safer for the residents and children, but the lighting alone would help prevent crime from happening.	1/31/2019 7:06 PM
39	When the Red Bluff sewer system was put in we were told that we would have to pay \$150.00 per year for 15 years to pay for it, but here it is over 20 years later and we are still paying for it with an anticipated increase. I for one am not happy with this decision. We should have been told at the time of installation that it would be a never ending tax!	1/31/2019 5:34 PM
40	Like I said if you are in the CRD do you pay for all in the CRD ,not some ,and that's not fair	1/31/2019 5:33 PM
41	no one can begin to plan anything for the future without knowing if a fire is going to burn up your home this summer or if your job is effected - sigh	1/31/2019 10:25 AM

42	Lets not make the people who worked for everything in their lives pay for the people who never worked or did anything with their lives. I am not saying not to help those, who can't through any fault of their own, help themselves but if they want to cripple themselves on drugs and booze or whatever, they have to take responsibilities for themselves.	1/31/2019 9:16 AM
43	Let's invest in public infrastructure to give our children and seniors more options on things to do.	1/31/2019 6:34 AM
44	We need new apartment/condo living and town house complex to help with the housing shortage and having somewhere new for sr to downsize too and free up their big homes for new families	1/30/2019 8:24 PM
45	Why can't we pay monthly for the taxes. I use to in Kelowna. The District use to take 250\$ per month direct from bank account, for 10 months giving us a break for May & June. Ppl here do not have the money each year to find \$1700? for the taxes. Some ppl, like myself, do not have it as part of our mortgage payments. So it would be great for the community to have this available. I mean, it is 2019, not 1819! You really need to move with the times & realize ppl in the community struggle to makes ends meet as it is, with the high cost of living! Then you want them to find \$1700 or whatever it will be this year to pay upfront. I am going to take this matter public so the people can decide if this is what they want.	1/30/2019 6:00 PM
46	Hard to believe you have 10.6 mil/22% of budget for recreation and not a single cent identified as dedicated to arts. \$/revenue being lost as going out of the area due to lack of support, promotion, and facilities by the Regional District and City of Quesnel.	1/30/2019 5:26 PM
47	I am concerned at the 25% overnight increase in the Red Bluff Sewer Service Budget. That annual tax has now doubled since 2010 but I am unaware of any change of service or infrastructure. I'd like some specifics on the new WorkSafe regulations requiring additional staff. Staff to do what?!	1/30/2019 2:38 PM
48	clean up your [REDACTED] mess and quit adding more costs to us. How much [REDACTED] money do you [REDACTED] think we can keep giving? beurocratic [REDACTED].	1/30/2019 12:46 PM
49	We need a proper art centre / performing arts facility in the Quesnel and District area!	1/30/2019 12:20 PM
50	Looking at the website, I see that the regional district around Williams Lake actually have and arts and culture component. It would be great if this regional district could say the same.	1/30/2019 11:33 AM
51	When are you going to present proposals to reduce taxes?	1/30/2019 12:48 AM

56	Their needs to be a second crossing of the Fraser River before the Blackwater Road slides into the river. Please advocate to MOTI for this to happen. The North Cariboo (A,B,C &I) have the worst stats in 2018 when it comes to 911 calls to the RCMP for service in all of the Cariboo including being worse than the cities of Quesnel, Williams Lake and 100 Mile House. The CRD should look at supporting groups like Rural Crime Watch in a similar way as Fraser Fort George does. The north cariboo had iver 2,900 911 calls to RCMP for service in 2018 second place was the City of Williams Lake at over 2,700 calls for service. How can a rural area (does not include the City of Quesnel stats) be worse than each of the major cities in the cariboo? There are only 9 officers to cover the geographical area of A, B, C & I - that is not enough. The support for groups like the Bouchie Lake Rural Crime Watch could fall under Protective Services and taxes could be allocated to help support there efforts in education of the public on how to protect against crime, how to observe record and report suspicious activity, signs and activities in the local community and a Community Policing Office for rural residents.	1/29/2019 6:04 AM
57	I feel our last referendum on the airport tax too many people were misinformed. Not enough information sent out, most felt if we didn't contribute that we would lose the service. I feel the CRD did not do a good job giving out information. Administration costs are way too high.	1/28/2019 11:18 PM
58	Lights put on hickory rd	1/28/2019 8:16 PM
59	I would like to see meetings, such as the one on Feb 5th in the evening so I can attend.	1/28/2019 5:57 PM

60	Too many rural area bylaws. With one rep for our area which is half the size of Oregon State (give or take) its wrong that reps from far away, and semi-urban folk, have any say at all in how we do things. We should revert to as things were in 1982. So called 'progress' may seem great to the directors but not the residents. Sometimes 'progress' is only change. It's not written in stone that it is always, or even often, automatically 'good'. Libraries are no longer needed in this Information Age as web services are ubiquitous.	1/28/2019 5:24 PM
61	It isn't so much a consultation as a way to say we are raising taxes and managing those that object to being held at gunpoint while being robbed of limited resources	1/28/2019 5:12 PM
62	It's important to work cooperatively with the City to improve the whole community, as the current mayor has a very good strategic plan.	1/28/2019 4:51 PM
63	there are getting to be more junk / unsightly properties; and properties developed and undeveloped that are a fire hazard. Dogs are once again becoming a problem with some places having up to 6 or 7 dogs. Likely need another By Law Officer and tax increase but well worth it to maintain a quality neighbourhood which is appealing to people looking to move here and to draw tourists to the area. Standards have to be set quickly before things get out of hand and people say they can not afford to clean up their mess.	1/28/2019 2:32 PM

67	Begbie crescent has had our street lights for many yrs past the date when they were have to be paid for. Yet the price is still on my taxes. I've called and been told it maintain fees. I think that is not possible The lights are the same ones and few if any poles have been changed. It's a money grab. Stop it	1/28/2019 1:22 PM
68	If costs are up 1.2% why are you wanting to collect 3.2% more in 2019. If you want to hedge against inflation would 2.4% not be appropriate? This would allow for the same increase in costs next year without needing another tax increase for 2020.	1/28/2019 12:42 PM
