SECTION 2: Planning Report

Background:

It is proposed to rezone a 4.05 ha (10.02 ac) rural residential property to subdivide into two equal size lots for residential use. The subject property is currently zoned as Rural 1 (RR 1) zone in the South Cariboo Area Zoning Bylaw No. 3501, 1999, and is designated as Rural Residential 1 in the Interlakes Area Official Community Plan No. 3906.

The proposed lot sizes do not comply with the permitted lot size provisions under the current zoning of RR 1. Therefore, the applicant proposes to rezone the subject property from RR 1 to Rural 2 (RR 2) zone in order to subdivide the property into two 2.03 ha (5.01 ac) residential lots. The proposal is shown in Appendix C. It is also proposed to change the designation from Rural Residential 1 to Rural Residential 2 in the Interlakes Area Official Community Plan.

Location & Surroundings:

The subject property is located on Lee Road approximately 440 metres south of Highway 24 with Webb Lakes to the south of the property as shown in Appendix B. Currently, the property is a vacant land covered in natural meadow with partial wetland and moderate tree coverage. The property is surrounded by residential buildings to the north and west, vacant land to the south, and Government buildings including courthouse, post office to the east of the subject property.

CRD Regulations and Policies:

3501- South Cariboo Area Zoning Bylaw, 1999

5.18 RURAL 2 (RR 2) ZONE

5.18.2 ZONE PROVISIONS

- (a) LOT AREA (minimum) = 2 hectares (4.94 acres)

Rationale for Recommendations:

Being surrounded by properties with similar land-use and vacant land, the proposal has minimal impact on adjacent properties. Therefore, planning staff recommends approval of this application. However, the applicant needs to get a permit from Ministry of Environment due to the presence of a wetland on the subject property.

Recommendations:

1. That the Interlakes Area Official Community Plan Amendment Bylaw No. 5162, 2018 to re-designate the subject property from Rural Residential 1 designation to Rural Residential 2 designation be approved.
2. That the South Cariboo Area Zoning Amendment Bylaw No. 5163, 2018 to rezone Lot C, District Lot 1447, Lillooet District, Plan 32987 from Rural 1 (RR 1) zone to Rural 2 (RR 2) zone be approved.

This application is requesting that Lot C, District Lot 1447, Lillooet District, Plan 32987 be rezoned to a Rural 2 zone within the South Cariboo Area Zoning Bylaw 3501 and re-designated Rural Residential 2 within the Interlakes Area Official Community Plan. The property is presently zoned Rural 1 and designated Rural Residential 1.

The property is located on Lee Road approximately 440 metres south of Highway 24. Lee Road is a gravel road which presently serves eight properties, seven of which are used for residential and recreational purposes. The other property is a large property which appeared to be vacant. Lee Road ends approximately 240 metres south of the land under application. The land east of Lot C is accessed from Highway 24 and contains the new Interlakes Fire Hall # 3.

Lot C is 4.05 hectares in size and has a seasonally wet natural meadow within it. This meadow continues to the Regional District's property to the east and one more before ending. North of the meadow the land has a very gentle slope down to it and provides a very nice residential homesite area, back from the road and buffered from the residence on the lot to the north. South of the meadow the land slopes gently up to the south boundary this area is more heavily wooded, again providing a great building site area overlooking the meadow. The proposal is to put both of these buildable areas on separate lots.

The subdivision of this property into two rural residential properties will maintain the rural character of the area while providing a lot size which is not prelevant in this part of the Interlakes area. Since the land is not near a lake or water course the natural environment cannot be impacted. The proposed zone has the same allowable uses and set backs as the existing zone so the potential impacts on other properties is unchanged. The proposed lots are over 2 hectares in size allowing for ample area for sewage disposal and all other residential infrastructure. A slight increase in density in this location makes sense because of the close proximity to the highway and the Community Fire Hall. Most existing properties in this part of the Interlakes area only utilize a fraction of their land. In filling within the small residential neighbourhood of Lee Road will increase overall land utilization.

RESPONSE SUMMARY

☐ Approval Recommended for Reasons Outlined Below

☐ Interests Unaffected by Bylaw

☐ Approval Recommended Subject to Conditions Outlined Below

☐ Approval Not Recommended Due to Reasons Outlined Below

Interior Health thanks you for the opportunity to respond to this referral. Communities are healthier places for residents when planning and development includes healthy planning principles which create positive impacts on people's physical, mental and social health.

Physical activity and access to amenities have been shown to reduce disease incident, improve quality of life, therefore reducing health care costs

Residential development on this parcel would encourage reliance on the use of private vehicles for daily life, which may minimize opportunities to incorporate active forms of travel into a daily lifestyle. Reliance on private vehicles reduces residents' ability to have an active lifestyle and opportunities to access amenities.

Interior Health recommends that this parcel remain as Rural Residential 1 designation area within the Official Community Plan.

The development proposal area contains a wetland and a drainage course; these features pose environmental concerns with the development of sustainable onsite sewerage.

Should you have any concerns with this referral or require additional comments, please do not hesitate to email hbe@interiorhealth.ca or phone 1-855-744-6328.

Subject: Rezoning/ OCP Amendment Application for Lee Rd, Intelakes area L

Re: OCP Bylaw # 3906,2004, Bylaw No. 5162, Rezoning Amendment CRD South Cariboo Area Zoning Bylaw # 3501,1999 for Lot C, District Lot 1447, Lillooet District, Plan 32987

Hello, my name is Jeanne Pittet and I live at 7621 Lee Rd. in Bridge Lake, B.C.

My concern regarding this rezoning/OCP Amendment application is the Highway 24 & Lee Road intersection.

Hwy. 24 at Lee Rd. is on a curve and near a firehall. Immediately after turning off Hwy 24, there is a cattleguard on Lee Rd. which is narrow and at which only one vehicle can pass at a time.

I believe that with increased traffic, this intersection is a safety issue. The intersection should be improved before any rezoning is approved for Lee Rd.

Thank you for your consideration, Jeanne Pittet
