Re: Accessibility & Inclusion Advisory Committee

Last year our committee began to explore where and how we could develop one of our local beaches to accommodate families or people with disabilities in the most inclusive manner possible. Within our Committee, we have been working on an accessible beach project for the past year. With the provincial mandate of Accessibility 2024 that BC Parks has, this fit in with our project. It has been determined that 10 Mile Lake Provincial Park is the most suitable and we have been able to work closely with a number of people with site visits and attendance at our meetings to keep us updated and ask for our input.

Since 10 Mile Lake belongs in the CRD jurisdiction it is our hope that the Joint Planning Committee would like to have a member sit in on any meetings and have any information concerning the planning that is happening in this regard.

The Accessibility & Inclusion Advisory Committee meets the 2<sup>nd</sup> Wednesday of every month in the Miss Quesnel room at City Hall, 10:00 am.

Sincerely,

Accessibility & Advisory Committee
