PURPOSE:

To ensure that capital funding allocations from the North Cariboo Recreation and Parks Service are leveraged with funding from external sources whenever possible.

POLICY:

To ensure that taxpayer contributions to the North Cariboo Recreation and Parks Service (NCRP) are allocated as effectively and efficiently as possible and to ensure that local taxpayer funding provided for NCRP capital expenditures has been leveraged whenever possible to maximize potential funding from other sources and minimize local taxpayer contributions, all CRD appointed Commissions and non-profit organizations who manage NCRP properties shall be required to:

1. Demonstrate that they have actively sought and have been unable to obtain grant funding from other sources.
2. Demonstrate that they have successfully secured funding from other sources and/or have secured significant in-kind contributions to a capital project.

The above must happen before the Joint Planning Committee will consider allocating full or partial funding required for any NCRP capital project.

POLICY STATEMENT:

The Cariboo Regional District will ensure that capital projects proposed by recreation commissions and non-profit groups are supported by external funding whenever possible.
