Subject: grant application for South Cariboo Health Foundation

Hi Alice. Further to our phone conversation yesterday, would you please put the following grant request on the CRD agenda for funding from the Cariboo Chilcotin Regional Hospital District.

The South Cariboo Health Foundation is requesting a grant approval for the purchase of 4 new therapeutic mattresses for the 100 Mile District Hospital Palliative Care department. The immediate need is for 2 RIK Overlay Mattresses valued at approx. \$8,000. each and 2 Motorized Air Mattresses valued at approx. \$14,000. each. The total grant application is for approx. \$44,000. for which we will be responsible for 60% and the CRD 40%. The need is immediate as their present mattresses are quickly breaking down and will soon be not usable.

If you require more information please don't hesitate to contact me. Thanks

Chris Nickless, Chair of the South Cariboo Health Foundation.
