Dear Margo

Re: Quesnel Health Services Administrator

I am pleased to announce Daryl Petsul was selected as the Quesnel Health Services Administrator and began his new role effective April 23, 2019. Daryl is replacing Debbie Strang who has retired.

Daryl as he has been working in Quesnel Health Services for seventeen years in a series of progressively senior leadership roles. Daryl's most recent role has been the Quesnel Manager of Critical Care and Surgery and prior to that he was the Quesnel Manager of Inpatient Services. In 2018 Daryl was seconded to the Interim HSA role in Hazelton which provided him with valuable experience and insight into this leadership position.

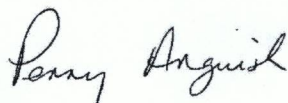

Daryl has a Bachelors degree in Nursing from the University of British Columbia and a masters in Psychiatry from Cardiff University in the U.K.

Daryl is excited to take on this new challenge and sees it as an opportunity to not only influence the provision of compassionate care to those we serve, but also to be able to set the tone of the environment our staff and physicians provide that care and service in.

Please join me in welcoming Daryl to this new role.

Best regards,

Penny Anguish, MN, GDBA  
Northern Interior Chief Operating Officer
