Short Summary:

Proposed New Single Use Plastics Reduction Policy

Voting:

Corporate Vote - Unweighted

Memorandum:

At its meeting held April 17, 2019, the CRD's Policy Committee considered a new draft policy intended to eliminate (whenever possible) the use of single use plastics in the CRD's daily operations.

The Committee resolved as follows:

"That the agenda item summary from Tera Grady, Supervisor of Solid Waste Management, dated April 11, 2019, regarding a proposed In-House Single Use Plastics Reduction Policy, be received. Further, that the proposed policy be amended to define "in-house" and to show that reduction of single use plastics will be encouraged rather than mandatory at community halls. Further, that the amended policy be forwarded to the entire Board for comments."

The amended draft policy was emailed to all Board members for comment, and the following were received:

Chair Wagner – great idea, looks good

Vice-Chair Massier – looks good

Director Sjostrom – looks fine

Director Kirby – looks good, may require dishwasher(s) to be installed

The Board is now asked to consider adoption of the policy.
