Northern Development exists to stimulate economic growth through strategic and leveraged investments that build a strong and diversified economy in central and northern B.C. Our vision is that northern B.C. is home to world-class industries, diversified regional economies and growing, energetic communities.

I am pleased to advise you that the Community Halls and Recreation Facilities application from the Cariboo Regional District for the 'Low Mobility Wilderness Trail Network Expansion - Phase Two' project was approved for a grant up to \$30,000 from the Cariboo-Chilcotin/Lillooet Regional Development Account on June 18, 2019.

This approval is open for a period of twelve months from the date of approval, within which we expect all funding sources to be secured, a contract entered into with Northern Development and the project commenced. It is important to note that expenditures incurred prior to both parties signing a contract will not be reimbursed.

We wish you every success with your project. We are excited to see how your project will stimulate economic growth and strengthen our region.

Sincerely,
