CRD Area L Director  
Brian Coakley

Dear Sir,

Following the dissolution of SLVFFA at their final AGM on Sept 5 2015, the Mountain Spruce Community Centre Society was recommended by motion as the local organization best able to manage and carry on the inter-community affairs of the meeting room affixed to the fire hall. In our presentation at said AGM and as spokesperson for MSCCS I stressed that the Society represents all four communities in the area. This was not seen as a problem and the motion passed in favour of MSCCS along with a dissolution cash incentive for community work.

At the regular MSCCS Oct 22 meeting, the board carried a motion to elect Siana Kelly of Sulphurous Lake to head a small committee of her choosing to run the affairs of this meeting room under the umbrella of MSCCS. All decisions will be duly debated and carried by the board of MSCCS.

As there has not been any conversation with the CRD in regards what is expected or restricted in the running of the meeting room we now ask you as the Area L Director to please fill in the blanks with whatever information you can divulge at this juncture. If a meeting to discuss same is appropriate this can be arranged at your convenience.

Yours truly,

Roy Tomlinson,  
Chairman, MSCCS
