---

I agree that the taxes need to be increased to give better fire protection etc; however if you are increasing them anyway, please review your decision on the swimming pool in 100 Mile House. It IS something that a lot of your residents need, I know that myself now being disabled, going to a lake to swim is sadly impossible for me, & swimming helps keep my muscles active. If I have to drive to Williams lake, I am exhausted before I even start & dangerously tired on the drive home.

Thank You,

[REDACTED]  
83 mile lake resident.
