DESCRIPTION	Quantity	AMOUNT
Option B - 43' message centre running the full length of the area		
Inclusions:		
Supply of aluminum mounting frame, two backlit logo displays, shipping of frame to site, assembly labour, crew travel and rental lift equipment to install of entire display on site, sign permit included, AC connection to sign of supplied city feed	1	21,120.00
43' P10 message centre as described in Quote no. 446	1	67,235.85
Note: there is a one foot mismatch between the in length of the message centre on the quote and the drawings where it measures out one foot longer. This discrepancy was created due to the quotes being prepared before the final draft layout was finalized around the differing lengths needed to accomodate the two logos sizes in visual centering length. The added cost difference is \$1,700.00 if the committee wants to follow the drawing dimensions.
