Williams Lake, BC V2G 2A4

Attn: Darron Campbell

SENT VIA EMAIL

The Bouchie Lake Recreation Commission would like to apply for Community Works funding for the following projects:

Upgrade all exterior lighting to energy-efficient LED. Estimated cost \$9,765

This project would upgrade all exterior lighting on the property and would save approximately 8,572 KWH annually (worksheet attached).

Upgrade all hall interior lighting to energy-efficient LED. Estimated cost \$10,496.

This project would upgrade all interior lighting in the hall and would save approximately 2,788 KWH annually (worksheet attached).

Attached please find the following documents:

- Bouchie Lake Hall Energy Reduction worksheet
- Endurance Electric quote to upgrade exterior lighting
- Endurance Electric quote to upgrade interior lighting

We understand that more than one quote is necessary for the CRD to proceed with any of these projects. The Bouchie Lake Recreation Commission is currently working on getting more quotes and in the event that we receive lower quotes, we will submit these for approval.

Thank you for consideration to this matter.
BOUCHIE LAKE RECREATION COMMISSION

Wendy Donald
Interim Facility Manager
