OVERDOSE PREVENTION AND RESPONSE

Announcing the First Nations Virtual Substance Use & Psychiatry Service

FNHA has launched a First Nations Virtual Substance Use and Psychiatry Service. This service is now available to First Nations people and their families living in BC with referral from a health and wellness provider.

The purpose of the new service is:

1. To provide direct virtual access to addictions specialists and psychiatric care for First Nations people and their family members living in BC.
2. To provide addictions medicine and psychiatry services where every client encounter is aligned with the principles and practices of cultural safety and humility.
3. To provide addictions medicine and psychiatry services where collaborative care planning and wraparound care services are integral to all client encounters.

FNHA also offers a Virtual Doctor of the Day program which provides virtual access to primary care (family practice physicians) for First Nations people and their families living in BC.

For more information:

YOUR HEALTH, A PRIORITY

Wash your hands often with warm running water and soap for at least 20 seconds.

Avoid contact, keep a safe distance of at least 2 meters from others, and limit your movements to reduce contagion.
