---

### **Department/Function Services**

The Wells Fire Protection function was established in 1982 by Bylaw No. 3473 (1998). In 2007, Bylaw No. 4275 provided for an amended taxation limit defined as the greater of \$1,650 or \$2.3619/\$1,000 of assessed value of land and improvements.

The Municipality of Wells, under contract, provides fire protection services to a small number of properties surrounding Wells that were not included in the original fire protection boundary when Wells incorporated.

As the Director for Electoral Area C is the only stakeholder, and the *Local Government Act* requires more than one vote, the entire Board is responsible for the governance of this function.

### Business Plan Goals, Rationale & Strategies

There are no measurable goals for this service in 2021.

### Significant Issues & Trends

The Cariboo Regional District is a signatory on the Province of BC/UBCM Climate Action Charter and has committed to continuing work towards carbon neutrality in respect of corporate operations.
