Dear Lore Schick,

Re: Rose lake Miocene 4-H Club 2020 Grant

On behalf of the Rose Lake/ Miocene 4-H Club I would like to thank you for the Grant that was awarded our club. We really appreciated the assistance with our Achievement days. We are so grateful that you chose to award us this assistance and your willingness to adjust your program to fit our needs during these uncertain times.

Do to the Covid regulations, we had to break down our achievement day into 3 different days; July 23rd, 25th and 26th to accommodate the many different projects that our club offered this year. The youth showed; Beef, Sheep, Swine, Photography, Cloverbuds, Rabbit, Turkey, and Horse. We normally have all the projects except for horse shown on a Saturday where we have a potluck lunch and loads of fun. This year we were forced to separate our numbers and we were not permitted to have a potluck. With the funds that the CRD so generously granted us we were able to afford to purchase lunches and/or dinner for the members and families that came to show their projects. The families expressed their gratitude for this, as it can be a more stressful day then it was. We are so grateful that we could ease the stress and bring joy to our members and families during this increasingly stressful time. We announced at each meal that it was generously paid for by the grant that the CRD had awarded our club. To top off their shows we ended with ice cream floats. I am sure you can imagine the excitement of the members as we had very beautiful hot days in July for our event.

Our achievement day was very successful. All projects were able to be shown, members and families were able to watch and learn from this even and we were able to congregate in reduced numbers. It brought joy, knowledge, and a fulling event to our community.

I do not think we could thank you all enough, but we will try. Thank You!

Gratefully yours,

Abby Shoults
Club Leader
