

100 Mile Community Hall

" Our Community Gathering Place"

Box 1726
265 Birch Ave 100 Mile House BC V0K 2E0

Attention Darren Campbell:

Application for Grant:

Since 1984 the hall has been maintained and small improvements have been done. Now 35 years later the hall needs some major improvements.

The hall needs a lighting upgrade, replacing 142 fluorescent tubes T8 - 32 watt to 4 foot LED lights 14watts and taking out all the ballasts. Adding 3 new ceiling fixtures in coat room area and 1 new fixture for the janitors room.

Plus the ladies washrooms need 2 new ceiling lights.

With the difference in watts it is expected for the hall have a 66% energy savings.

Thank you for your consideration with this grant and helping our community hall with these upgrades.

Attached: Quotes for lighting.
