**Subject:** SD27 Joint - Property Disposal info:

*Sent on behalf of Chris van der Mark, Superintendent of School District 27*

Dear Community Partner:

We understand there is considerable interest in some of SD#27 vacant properties. As you know, the SD has been working to clear paths with the Ministry regarding the disposal process. This is not an overnight process and the SD will have a number of considerations in that process. No decisions are imminent and we will engage appropriately.

The attached graphic may help understand the process. The School District (Board) has moved quite quickly under the circumstances to prioritize and move the process forward. I hope interested parties will understand some of the priority items for the SD at the moment and, though parties may be excited at some potential, it may not enhance the process by getting too far ahead of ourselves.

We will continue to provide updates on our progress.

Sincerely

Jodi Symmes
