

**Community Works Funds
Project Request**

CRD Function: EA Administration (1002-2132-2920 cost code:)

Scope: Perform a lighting and washroom upgrade and, if possible, complete any other related, minor services at the Quesnel and District Antique Machinery Park.

Location: The Quesnel and District Antique Machinery Park

Category:

Public Transit	_____	Community Energy Systems	<u> X </u>
Water & Wastewater	<u> X </u>	Solid Waste Management	_____
Capacity Building	_____		

Desired Outcomes – Please explain the outcomes this project will achieve:

The lighting works will involve upgrading all the lighting in the workshop, the museum lighting and the exterior security lights to energy efficient LED lights. It is expected the upgrade will result in 70% less energy use annually.

The washroom upgrade will involve installation of low flush and hands-free toilets and urinals. This will save on excessive water waste and reduce cross contamination from handling flush handles, doorknobs, walls, and other areas.

Proposed Measurement – Please outline indicators to measure outcomes:

- 1) That the lighting upgrade results in at least 70% less energy use annually.
- 2) That the low flow appliances reduce water consumption.

Budget – Please complete Schedule A – See Attached Budget Outline

Timeline – Please provide a timeline indicating projected start date and completion date of project.

Schedule A

Cariboo Regional District Community Works Funds Budget Outline

for EA Administration - the Quesnel and District Antique Machinery Park
