Dear Chair Wagner and Directors:

**Re:** Cariboo Regional District's NCLGA Resolutions

At the Regular meeting of City of Williams Lake Council on February 24, 2022, Council passed the following resolution:

**RES #41/22**

*Moved and Seconded*

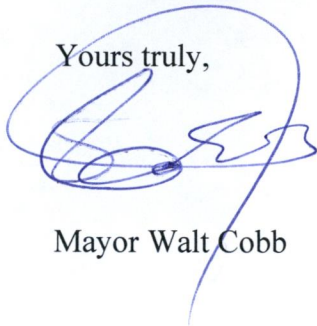

*That Council support the Cariboo Regional District's resolutions submitted to the NCLGA Membership for consideration at the 2022 AGM.*

**CARRIED**

The resolution titled "Stable Funding for the Forest Enhancement Society" calls for long-term sustainable funding to support the Forest Enhancement Society's innovative forestry projects that have positive environmental, social and economic benefits for all British Columbians. The resolution titled "Parental Leave for Elected Officials" supports a long-overdue update of the *Community Charter* and the *Local Government Act* to include an exemption for elected officials who are new parents from disqualification for absences of 60 consecutive days or 4 consecutive regular scheduled council or board meetings.

We look forward to seeing these resolutions pass at the NCLGA AGM in May.

Yours truly,

Mayor Walt Cobb
