Northern Development Initiative Trust
301-1268 Fifth Avenue
Prince George, BC V2L 3L2

ATTN: Joel McKay, Executive Director

Dear Mr. McKay:

Re: District of Wells- Request for Funding Highway 26 Power Line Options

The Cariboo Regional District is fully supportive of the application put forward by the District of Wells and of any effort to improve the supply of power to Wells, Barkerville and the residents and businesses along the Highway 26 corridor.

Providing efficient and reliable power will greatly benefit the current residents and businesses. It will also allow for development, making the communities more sustainable and resilient.

We urge the Northern Development Initiative Trust to approve this very important funding application.

On behalf of the Board,

John M. MacLean
Chief Administrative Officer

JM/js
