

building communities together

2023 Business Plan Deka Lake Fire Protection (1326)

Michael Navratil, Manager of Protective Services

Working in partnership with communities large and small to offer local, sub-regional, and regional services to ensure that the Cariboo Chilcotin is a socially, economically, and environmentally desirable region.

Department/Function Services

The Deka Lake Fire Protection Service was established by Bylaws No.'s 3377 (1998) and 3450 (1998), as a function of the Cariboo Regional District in 1982 by means of a referendum assented to by the property owners within the local service area. Deka Lake Fire Protection was amended in 2006 by Bylaw No. 4198.

A referendum was held in August 2015 to include the Sulphurous Lake fire protection area. That referendum was successful and the Deka Lake fire protection boundary was expanded as per Bylaw No. 4962. Funding is provided for by a taxation rate applied against the assessed value of land and improvements. The maximum taxation rate that can be applied is the greater of \$70,000 or \$1.61/\$1,000 of assessed value.

The Deka Lake Volunteer Fire Department provides fire protection and suppression services only, within their specified area.

As the Director for Electoral Area L is the only stakeholder, and because the *Local Government Act* requires more than one vote, the entire Board is responsible for the governance of this service.

Business Plan Goals, Rationale & Strategies

2023 Regional Goals

1. **Goal:** Purchase turnout gear and PPE.
Rationale: Ensure all members have NFPA compliant Personal Protective Equipment, keeping within the 10-year lifespan. CRD staff to inventory turnout gear and ensure ongoing compliance.
Strategy: Use operational funds.

2. **Goal:** Ensure training plans are qualitative and quantifiable.
Rationale: Training must reflect the primary functions listed within the Fire Services Bylaw. Exterior operations level certification will be done through the College of the Rockies.
Strategy: Use operational funds and internal resources to achieve success.

2023 Deka Lake VFD Specific Goals

- Goal:** Complete detailed inventory.
Rationale: Detailed inventory has not been fully completed to date. The department needs to verify all tangible assets to determine the proper cycle to replace tools, appliances, turn out gear, air cylinders and hose.
Strategy: Support with Protective Services staff.

Significant Issues & Trends

Issues: Recruitment and Retention; Proper Monitoring for Compliance; and Building Capital Reserves.

The sustainability of small volunteer departments is being challenged not only by rapidly increasing legislative requirements and related costs but all the increasing administrative demands which accompany these requirements. The 2020 audit of the internal operations of the VFD will allow staff and the Board to review the findings and prepare a strategy to ensure the department has the tools and support necessary to provide this service for the community in the safest and most cost-effective manner while adhering to all mandated regulations and policies.

- **Recruitment:** Protective Services will continue to work in conjunction with Communications to enhance advertising programs to ensure maximum exposure on multiple platforms regarding recruiting.
- **Proper Monitoring of Fire Departments:** Fire departments must be monitored to ensure compliance of WorkSafe, NFPA/ULC, CRD policies and Operational Guidelines. CRD staff will engage in person with departments to ensure compliance, reduce administrative burden, and promote fiscal responsibility.
- **Build Capital Reserves:** With the continual strain on current budgets, all CRD VFDs are struggling to maintain acceptable capital reserves. Staff must implement cost saving measures and ensure capital reserve yearly contributions are being maintained. This will include the disposal of unnecessary equipment.
