Purpose of Organization: Ongoing maintenance and operation of the McKinley Pioneer Cemetery (aka Lac La Hache Cemetery)

How long has the organization operated in the community? 1886

BC Society Registration Number: 15368

Federal Charitable Registration Number:

Chairperson's name: Percy Ogden

Telephone: [REDACTED] email: [REDACTED]

Treasurer or Financial Officer's name: Gale Ogden

Telephone: [REDACTED] email: [REDACTED]

Date of your last Annual General Meeting (AGM): 7/10/2022

Previous Grant from CRD amount: \$ 10,000.00

Current Grant Requested from CRD: \$ 10,000.00

1. What plans has your organization made to fund its activities over the next 3-5 years?

When someone is buried (casket or ashes) we charge for the plot, the open and closing of the plot. Those monies are deposited in the Bank Account set up for the Cemetery. We use the money to purchase fuel for equipment, and other materials to help us maintain the site. All helpers along with us are community Volunteers.

2. If your organization charges user fees/memberships/admission, attach your current fee structure.

3. What are your organization's specific goals and objectives for this year? How do they differ from previous years?

Our specific goal is to continue to present a Beautiful Cemetery for the Lac La Hache Community. People to have a place to lay their loved ones to rest and to be able to come to visit their family/friends that are interred there. There are some older graves that are sunken in and we would like to have those 'built' up. That would require us to purchase sod/soil, hiring equipment to lift up the stones and to fill in the sinking areas.

4. Who does your organization serve?

The Community of Lac La Hache. We have had a very busy year with interments. Young, older, newer residents and long time residents have been laid to rest. We offer a necessary service to the families.

5. Does your organization receive a rental subsidy from the CRD? No

If so, how much? \$

6. Does your organization receive any benefit from permissive tax exemption? No

If so, how much? \$

7. Does your organization use CRD owned facilities? No

If so, which ones?

8. How will you indicate that the CRD is contributing to your organization?

Photos and Thank-you's to the CRD will be placed in the Newspaper and on Social media.

PROJECT SUMMARY SHEET

1. Brief Description of Proposed Use of Grant Being Applied For:

There is some cedar fencing that keeps falling down and is an eyesore. We and our neighbor have only been able to do temporary 'fixes' Half of the Cemetery is fenced with chain link which stands up to the weather and the other half has the older wood fence. Previous years we were concentrating on acquiring lawn mowers, trimmers, and bringing in a C Can to secure the Cemetery assets. We have talked about the fencing problem for at least 4 years.

2. How do you know there is a need for this service/project in our community?

There is a definite need to continue having a Cemetery in Lac La Hache. This year alone we have had 8 interments and we know of another 4 before winter comes. The Cemetery is well used for services and people come up from time to time to visit their loved ones who are buried there.

3. Is your agency applying for funds from other levels of government or other sources for this project?

No

4. Would you still be able to complete the project if you do not receive the other funds applied for?

No

5. Please describe the impact of this application being denied or approval of an amount less than requested.

We plan to start improving the fencing in the Spring as it will not be getting better especially after another winter. We will do what we can in the Spring. If we are not able to afford the new fencing we will try to 'shore' up the wood one the best we can. If we receive a lessor amount we could improved 'part' of the fence with chain link. Doing things as we can afford it would probably add to the material expenses that are continually costing more.

6. Start date of the project: 4/17/2023 **End date for the project:** 5/15/2023

7. Please describe the key activities that will take place to complete the project and any associated timelines.

April 2023 or as soon as the snow is gone we can remove the old fencing board and prepare the ground for the new fencing Materials will be purchased. (we have a volunteer who has agreed to price out and purchase materials for the Cemetery) Once materials arrive there will be a date set for the Fencing Project. Depending on our funding we will hire a contractor or do all of this or help the volunteers get the fence up.

8. Please provide a detailed financial budget for the project.

9. Please explain how you will measure and evaluate the impact of this project on the community and how will you determine if it was successful?

I'm sure that the feedback from everyone that goes up there will be positive. Currently we do hear from people about the falling down fence and we want to remedy that as soon as we can. A chain link fence staying up will be a great improvement.

Lac La Hache B.C.

July 10th. Afternoon Work Bee at the Cemetery.

Volunteers showed up!

Percy, Gale Ogden Mike, Shannon Bachmann

**Dave Bailey, Terry Buckholl, Paul Cowley, Don Aalton,
Wayne Meda, Rob Murphy**

1. Preparing the grounds for upcoming Interments. It is going to be a busy summer!

At present count we know there are 8 cremation plots to be opened/closed from now until Sept. 24, 2022

2. Topic of the falling down wood fences came up (again)

Kind of an eyesore and after another winter they need to be permanently repaired or replaced. Half of the cemetery is in chain link; and it was agreed that if possible we should aim towards getting that done starting next Spring.

Mike Bachmann will look at getting an estimate on hiring someone to do it.

Gale will look into what grants are available through the CRD to help with the costs of the fencing.

3. Settting a July 23, 2022 for Gale and Dot Buckholl to meet up at the Cemetery to update our "map" to walk

through the plots to check that our records are in line with the stone markers that are there.

Meeting adjourned by Percy Ogden

Regarding the Fencing Project 2023

One of our volunteers is helping with pricing out getting the materials & some labour costs for the chain link fence that we hope to do in the spring. He has fenced in his own yard in chain link and has a good understanding of what the costs are and what's involved to install one.

He feels it is reasonable to estimate the cost of \$10,000.00.

**Thank you,
Gale Ogden**

Re: File # 1850-20 (20)

The McKinley Pioneer Cemetery in Lac La Hache was so grateful for the Grant we received \$7,000.00 in May 2020. The funds went towards replacing equipment and providing a safe place to store it!

Used Steel Container from Cariboo Waste Disposal in Williams Lake

\$ 3,820.32

Ride On Mower from Williams Lake Forestry

\$ 2,822.39

\$ 335.99

TOTAL

\$ 7,983.23

We have some funds in the bank account as various community groups wanted to make donations to help us carry on. Painting the C Can is one of our ideas...a chance to add the names of those who have contributed to our Project! Cariboo Regional District being #1 !

Yours truly,

Percy & Gale Ogden
