### Previous Grant from CRD:

If applicable, please indicate the year, grant amount, and project.

Year: 2022 - \$1000 – New equipment for TLBO

With CRD funds the TLBO purchased new equipment required for the bird observatory which included: computer for scientific data entry and submission and monitoring of MOTUS towers; portable speaker with auxiliary cables for calling owls; net poles; and replacement pins for banding pliers.

Current Grant Requested from CRD \$ 1000 – Development of a School Birding Program for Chilcotin schools

# GRANTS FOR ASSISTANCE APPLICATION Year- Round Intake for Grants Under \$1,000

Please answer the following questions, using additional paper if necessary.

1. Brief Description of Proposed Use of Grant Being Applied For:

In past years the TLBO has had half-day visits to the banding station from the Tatla Lake School. In 2023 the TLBO will be expanding this program to a full day of learning about birds through nature walks, bird observation and identification, and interactive play and learning. The TLBO will be offering a one-day school program for schools throughout the Chilcotin, and will be inviting each school to participate for one day throughout a three-week period in September. During this time period we hope that there will be visits from five schools which would include the communities of Anahim Lake, Tatla Lake, Tsi Del Del, Alexis Creek, and Xenigwet'in.

Funding from the CRD will support the educational program development and materials. Materials will include: bird identification handouts, art supplies, and binoculars.

Budget: \$1000

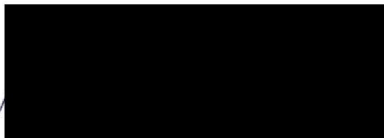

2. Start date of the project: September 2023 End date for the project: October 2023

3. How will you indicate that the CRD is contributing to your organization?

Acknowledgment and thank you will be published:

- on the Tatlayoko Field Station website - [tatlayokofieldstation.org](http://tatlayokofieldstation.org)
- in the local papers, the Moccasin Telegraph and the Anahim/Nimpo Lake Messenger
- in the TLBO daily blog
- in the TLBO annual report

THE INFORMATION INCLUDED IN THIS APPLICATION IS TRUE AND CORRECT TO THE BEST OF MY KNOWLEDGE.
