Hi Kevin,

I received a revised confirmation price on the morgue lift and racking system for the 100 Mile District General Hospital yesterday. The new price of this equipment dropped to \$33,073.

The South Cariboo Health Foundation is requesting funds from the CCRHD in the amount of \$13,220 to help purchase the morgue lift and racking system, with the South Cariboo Health Foundation paying \$19,853.

I have attached the revised funding confirmation form. Thank you for the CCRHD consideration of this request.

Best regards,

Richard Bullen
SCHF President.
