First Nation Reserves

Floodplains

Moderate Hazard/Risk Steep Slope (AMEC 2009)

High Hazard/Risk Landslide Area (AMEC 2009)

Watercourses

A detailed map of the Quesnel Fringe Area showing geotechnical hazards. The map features a red boundary line representing the Quensel Fringe OCP Boundary. Various areas are shaded to indicate different levels of hazard: yellow for floodplains, orange with a triangle pattern for moderate hazard/risk steep slopes, and brown with a triangle pattern for high hazard/risk landslide areas. Watercourses are shown in blue, including the Fraser River and Quesnel River. Lakes are labeled in blue, including Hush Lake, Ten Mile Lake, Bouchie Lake, Milburn Lake, Mit Lake, Dragon Lake, Dale Lake, and Hallis Lake. First Nation Reserves are shown in grey, with specific areas labeled: Sinice-Tah-Lah IR #2, Rich Bar IR #4, Quesnel IR #1, and Dragon Lake IR #3. A north arrow is located in the top right corner.

A scale bar indicating distances in kilometers, with markings at 0, 1, 2, 4, and 6 kilometers.
