Attn: Darron Campbell, Manager/Community Services

Dear Mr. Campbell:

Re: Railings at the South Cariboo Recreation Centre

At the May 1st, 2023, South Cariboo Joint Committee meeting there was a discussion pertaining to railings requested to be added to the seating at the South Cariboo Recreation Centre.

After a review of the BC Building Code, an architect review will be required due to the assembly occupancy of the building.

After the Cariboo Regional District has had an architectural review and has plans ready to apply for a building permit, please forward to the District of 100 Mile House.

Sincerely,

**Todd Conway
Chief Building Official**
