### Previous Grant from CRD:

If applicable, please indicate the year, grant amount, and project.

Year: n/a \$ n/a

Project: Recovering lost equipment in our sea can from the 2023 spring melt. Canlan has had a contractor install an air flow system to the sea can to allow for air circulation. The association is working on recovering equipment for our growing association run by volunteers, and coached by volunteers. A significant amount of equipment stored in the sea can is no longer useable due to mildew, mold damage to fabric or foam items including helmets, chest and leg protectors, bases, and equipment bags, and corroding damage to most of the association's bats.

Current Grant Requested from CRD \$ Any amount appreciated: \$1000
