

November 2, 2023

To: Regional Hospital Districts

Dear RHD Chairs,

I am reaching out to you as partners in the community who share the desire to stay up to date with the latest news and developments in health services in our region.

Interior Health is committed to sharing information with our partners and the public about health services. We make every effort to notify community and government officials as soon as possible of a formal change in health service delivery however direct communication may not always be possible given the varying timeframes in which these circumstances occur and the availability of our contacts. As such, I am reaching out to encourage you to make use of the quickest and most reliable way to obtain the latest updates from Interior Health.

You can visit the IH [website](#) to sign up for news and alerts which will be distributed directly to your inbox. Please feel free to share this link with your teams to ensure they also receive the latest information. At this time, we are unable to localize these alerts however I have asked my team to undertake a review of our processes and the technology available to identify opportunities to streamline our notification system.

Additionally, I would also invite you to follow us on our social media channels, where you can access breaking news, IH updates and other digital content:

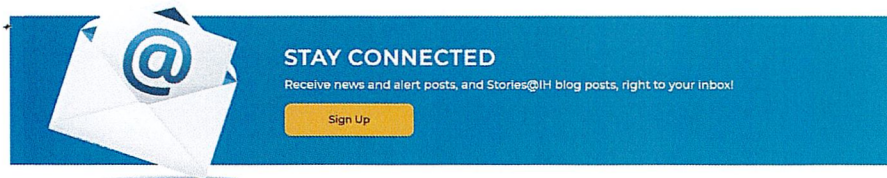

Thank you for your continued support for and interest in health services in your community.

Sincerely,

Susan Brown  
President and CEO

Interior Health would like to recognize and acknowledge the traditional, ancestral, and unceded territories of the Dākelh Dené, Ktunaxa, Nlaka'pamux, Secwépemc, St'át'imc, Syilx, and Tšilhqot'in Nations where we live, learn, collaborate and work together.
