Grant for Assistance Application – South Cariboo / District of 100 Mile House

Project Information:

Brief description of proposed use of grant:

Promote 100 Mile Model Flyers. Increase safety and fire suppression at flying site. Do badly needed runway upgrades and maintenance on equipment and site shed.

How do you know there is a need for this project/event in your community?

We are often requested to participate in 100 Mile and surrounding area events, either by flying demos or static events. We participate free, to showcase activities available in our community

Start date of the project:

As soon as grant is accepted

End date for the project:

End date weather related, but in 2024

Describe the key activities and timelines to complete the project

Immediately after grant is approved and funded, safety items will be purchased as well as many of the fire suppression items. As noted on financial budget (attached). Power system and Runway Upgrades will be done as weather permits. All items listed on grant application will be completed in 2024.

How will you determine if the project/event is successful?

The evaluation and success of these items will be directly measured by a increase in 100 Mile Model Flyers membership and guest site visitors. As well as the volume of requests to participate in an even greater amount of other community events.

Does your organization have sustainable funding? Please explain.

We are primarily funded by our club membership fees (which fluctuates every year). We do charge a fee for Fun Fly Events: entry fee, meals to purchase and overnight camping fee. We also refurbish used model planes and sell them to interested parties.

Is your organization applying for funds from other sources for this project/event? If yes, what other organization(s)? How much? \$ _____

No. Our interest is in our home community, thus our request is directed at where we live.

**Grant for Assistance Application – South Cariboo /
District of 100 Mile House**

Describe the impact of this application being denied or approval of an amount less than requested.
Will you be able to complete the project/event if you do not receive the funds applied for?
Absolutely not. We are unable to raise the necessary funds. The largest portion of the funds request
are for safety, fire suppression and site upgrades. Our request is at the lowest possible prices. If
not granted for the full request, nothing would change. We need to complete what we start.

Does your organization charge user fees/membership/admission? If yes, attach your current fee structure. See November 10, 2022 AGM. Annual Membership Fee is \$50 per member.

Does your organization receive any other support(s) from the CRD? Yes ☐ No ☒
(i.e. financial support, rental subsidies, contribution agreements, tax exemption, use of CRD-owned facility)

If yes, what support(s) and how much?

How will you recognize the CRD's contribution to your organization?
CRD and District will be recognized at all events, listed on membership handouts. Articles in 100 Mile
Free Press.

THE INFORMATION INCLUDED IN THIS APPLICATION IS TRUE AND CORRECT TO THE BEST OF MY KNOWLEDGE.
