Q7 Based on your previous answer, do you think the CRD should increase, decrease, or maintain existing levels of service for the following functions?
Note: Increasing service availability/levels requires additional funding from taxation or user fees since costs would increase, whereas a decrease in service availability/levels generally does not. Maintaining existing services would see only increases for inflation.

97	Recreation	Unfortunately living in the 108, there is no opportunity for programs or services unless volunteers step up to do the work, such as, with the deteriorating 108 Hall. The Hall considered an 'improvement' attached to the 108 Greenbelt, a 'Clubhouse' as noted on the BC Assessment for tax purposes. A farce how the Greenbelt sits on excess grant funds for fire remediation as the Hall, the 'improvement' has been left to fall apart.	2/14/2024 12:06 PM
98	Recreation	A rec center or more places for kids (10-18 aged) to be.	2/14/2024 11:24 AM

100	Bylaw Enforcement	Non CRD Service Solid Waste In trails and around lakes (in areas like the 108 housing development) remove attractants like berry bushes - relocate, if possible, outside the actual housing development. Require the 108 golf course to remove the fruit trees on their property. The fruit is not picked and bears are attracted. Golfers have reported walking under/near these trees while bears are in the tree. Have the businesses, like the 108 Resort & mall (all businesses with food waste) use bear-resist dumpsters. Ensure places that operate campgrounds utilize bear resistant "cans" and dumpsters that are easily accessible to campers. Require homeowners in housing developments and in communities, to remove fruit trees, bushes and compost when they are not maintaining them. e.g. picking the fruit & ripening it indoors, cleaning fruit that falls to the ground, etc.	2/14/2024 10:15 AM

	trail from Bouchie Lake Road/Claymine Trails to school/stores.	
162	Non CRD Service Allow licensed and insured ATVs, ORV and golf carts of paved 50kph roads and non speed regulated gravel roads. Smaller sizes, lighter weight, small engine vehicles save fuel, take up less room on the roads and causes less damage to the roadways. Brings in tourism economic benefits to all communities and reduces the RCMP resources for having to chase the people who already drive ATVs from their homes to access multi use trails. Legalizing on road travel of ATVs, ORVs and golf carts, then ICBC insurance is valid. Hurts no one and helps everyone. Much more fun!	2/9/2024 7:12 PM

Work with MoEnvironment and Interior Health to deal with contaminated groundwater. Improve quality of life and property values with these services.	2/9/2024 6:14 PM
166	Fire Protection Non CRD Service I see there is a decrease in grants. I have noticed a trend in a lot of grant applications that they are mostly for municipalities, Indigenous Groups or non-profits. Can there be more of an effort to include the smaller tourism (for-profit) businesses impacted and rocked by the last 5 years? I feel like local volunteer Fire Halls are struggling as well with funds, and equipment. I know this is not on the survey, and irrelevant to you - but to be aware a lot of small resorts /campgrounds / tourism businesses are struggling with insanely increasing insurance. This is both for replacement of property and liability insurance to run the business. You are starting to see them shut down and sell, or on the verge of it. Due to wildfire activity and other factors, insurance offerings are limited and sky-high. As a small resort on Canim Lake our insurance, taxes and operating costs have doubled in the last five years. In terms of economic development to the area, this seems like a huge issue if businesses that drive tourists are starting to close and having those tough conversations. This is definitely something for your team to be aware of it.	2/9/2024 3:25 PM

This is something that would benefit every member of our communities. Not only would it be a social and health benefit, but it would encourage professionals like doctors, nurses and other people in the work force to move here and stay. #	RESPONSES	DATE
1	Governance Other Town Hall meetings and respecting property rights, respecting family and the right to self define, way too much interference	2/26/2024 4:12 PM
2	Building Inspection Planning It is far too difficult to build or renovate a home. We have a lot of codes and not enough permit approval. How many CRD members could steer a project of their own through the mountains of red tape?	2/26/2024 12:50 PM
3	Emergency Management Margo is GREAT... But we need to plan for fire season, before fire season starts Posted and maintained evac routes.	2/26/2024 9:29 AM
4	Sewer Sewer line moved from centre of roadway, Copper Ridge Rd, Quesnel	2/26/2024 6:41 AM
5	Solid Waste I'd like to see schools participate In multiple container recycling programs. The lack of small bins means schools only have cardboard bin and garbage bin, thus the community doesn't see schools recycling all products	2/25/2024 11:47 AM
6	Transportation Just transit as mentioned above. School is nice and dump is fine. No other services.	2/24/2024 10:05 PM
7	Other We pay so much tax yet have virtually no services why?	2/24/2024 6:02 PM
8	Other Water We feel pretty neglected out here...basically we have a tiny library, a dump and a poorly maintained highway in the winter. We need a safe water system (not arsenic tainted) for Tatla in order to be able to attract more settlement so town can grow.	2/24/2024 2:17 PM
9	Building Inspection Governance Develop a user pay system for all services. Get out of building inspections and encourage a system where inspectors are responsible for their failures.	2/24/2024 12:01 PM
10	Recreation There has been a lack of elected and crd employees moving forward on the obvious need and tax payer want of an Aquatic center in 100 mile house.	2/24/2024 8:15 AM
11	Other Cut them back a lot.	2/23/2024 7:56 PM
12	Fire Protection New fire hall for the community instead of the one thats falling apart and looks unsafe	2/23/2024 7:30 PM
13	Other for our population denisty and vast governing area i feel most services are very good	2/23/2024 1:45 PM
14	Other By the way, I have counted 11 ugly shipping containers from the 108 store to my home - they have been there for years - very odd considering we need a building permit for a nice 10 x 10 shed!	2/23/2024 1:10 PM
15	Governance Right now there is several. Number 1 - start listening.	2/23/2024 11:26 AM
16	Solid Waste Without a recycling drop off location at Chimney Lake, SO much recycling gets tossed into the dumpster. The dump being 3kms away for residents vs the recycling facility being 30kms away, people do not put in the extra effort to recycle!	2/23/2024 8:54 AM
17	Other No	2/23/2024 8:25 AM
18	Library The forest grove library should be closed and funds sent to 100 mile. Nobody goes there and is a waste of money.	2/23/2024 7:56 AM
19	Non CRD Service Put heat on the provincial government to put a bypass for Quesnel.	2/22/2024 9:26 PM
20	Solid Waste Please keep the landfills a free service for residents. Charging tipping fees will lead to garbage dumping, I've seen it happen in my former community.	2/22/2024 7:53 PM
21	Fire Protection Solid Waste Water Yes stop monies to vfd. Relocate the dump. Water	2/22/2024 6:11 PM

meter on everything including wells and charge accordingly. Water is our future and we see how that's going. There is a person amongst hayfields that waters their lawn. Imagine doing that in India? People need to realize, the water is not theirs. Just because you drilled a well doesn't entitle you to waste it.

22	Recreation	Create more trails.	2/22/2024 4:06 PM
23	Non CRD Service	More police for the wackos that have to speed down Burgess Road at 100 miles an hour.	2/22/2024 12:55 PM
24	Other	No	2/22/2024 8:49 AM
25	Recreation	There is a need for a good community swimming pool in 100 Mile. Surrounding areas would be more than happy to pay. Other small towns manage a pool. Hope, Clinton, to name a couple.	2/22/2024 3:07 AM
26	Recreation	No rec centre	2/21/2024 10:35 PM
27	Governance	no lights, no water, no sewer but my taxes keep increasing.	2/21/2024 9:57 PM
28	Recreation	Public swimming pool	2/21/2024 9:54 PM
29	Recreation	No longer have a community hall at Deka Lake	2/21/2024 5:00 PM
30	Fire Protection	I would like to see more fairness in the taxes charged on a per property basis example Deka Lake FireVFD \$77.21 per \$100,000 but Interlakes Fire VFD is \$50.56 per household . Why? That is quite a difference in taxing .	2/21/2024 4:56 PM
31	Recreation	There are virtually none which is WHY the Deka community hall has always been of paramount importance	2/21/2024 4:28 PM
32	Other	More services for children and families	2/21/2024 7:10 AM
33	Building Inspection Water	Local water supply for rural areas. Get rid of that damn building inspection Another waste of money and resources.	2/21/2024 6:17 AM
34	Recreation	Increase area B tax base for trails, community recreation budgets	2/21/2024 6:03 AM
35	Recreation	Great trails maintained through the cycling club. Work closely with them to ensure trails continue to be taken care of.	2/20/2024 7:29 PM
36	Non CRD Service	It would be nice to see the Grader out to grade the roads more than twice a year. Sometimes.	2/20/2024 6:55 PM
37	Solid Waste	Leave rural garbage pickup to contractors	2/20/2024 12:43 PM
38	Other	The flyer sent to me in Area E was excellent - good job and thank you!	2/20/2024 6:02 AM
39	Recreation	Please reduce cost for recreation - we don't get value for money and should be more user pay than taxpayer funded for majority of facilities	2/19/2024 8:51 PM
40	Governance	Quit increasing and remove staff and associated costs for numerous duplicate services already provided by various Provincial (& Federal) Ministries! Regurgitating such information and lower quality activity is unnecessary taxation! In sum, Quit squandering Tax payers money and keep annual budgets to below or within the rate of inflation!	2/19/2024 4:36 PM
41	Non CRD Service Solid Waste	No services in Lone Butte other than occasional road clearing Holmes is dangerous for horse hauling . Needs gravel and ditching badly. User pay garbage dropoff is a non starter. Who will pay for dead end road garbage cleanup???? With poor services how can garbage drop fees even be considered?	2/19/2024 12:21 PM
42	Solid Waste	either increase funding to recycling depot or raise the level of minimum service, no need for cardboard bins to be full 9 am Sat morning. small dusty area. Looks like someone gave them \$500 to start a recycling depot and that was their whole budget. Would like to know the actual funding of the Quesnel depot is.	2/19/2024 8:29 AM
43	Recreation	Pool	2/18/2024 8:25 PM
44	Fire Protection Non CRD Service	Funding for the Police Fire and EHS in our area	2/18/2024 7:38 PM
45	Recreation	I would like to see more adult community events (without children).	2/18/2024 4:47 PM

46	Bylaw Enforcement Officers. Bylaw officers and more laws. The 108 is a free for all right now. All crd wants to do is bring more people to the area but you won't make laws to keep our community in order. It's not the wild west! More patrolling. We are literally being robbed daily. Mail isn't safe. Vehicles. Homes. People. Animals. We aren't safe and where is CRD. Worrying about spending more on a dock but refuse to put money into bylaws and law enforcement. Our lands are being scalped. Where is CRD? No where. CRD does not give a crap about the nature of the cariboo. All you care about is money and more money. Who cares about laws and the people who live here!!! CRD should be ashamed at what you refuse to do. The tax money the 108 alone provides is all you care about. Why should we be paying for the airport solar panels???!!!! There is already a dock on the 108 lake. We don't need more traffic on the lake. Quit taking our peaceful life. You have destroyed the cariboo and have not given a thought to locals and what you are bringing to our back yards. WE LIVE HERE!!!!!!	2/18/2024 8:57 AM
47	Other People know your corrupt and we are sick of it, we also know where you live and will very soon be paying you a visit.	2/17/2024 4:04 PM

62	No	2/16/2024 7:10 AM
63	Governance You offer nothing to my family and I except bureaucratic red tape and no common sense. Leave the Cariboo alone. Stop increasing taxes. 93	Non CRD Service	Of course health care workers and emergency services need more supports.	2/14/2024 7:52 AM
94	Airports Solid Waste	Why are you increasing the cost of solid waste management and airport fees for an airport no one uses commercially in the south Cariboo? Cost of living has increased dramatically over the past few years and your aim should be to reduce or maintain taxes, not increase them! Combined with the fact that everyone's assessment values are completely out of whack, we would be charged an exorbitant amount for a service (solid waste) that currently works just fine.	2/14/2024 7:42 AM
95	Invasive Plants	Crd has done nothing for weed control along highways and roads for years. A big problem.	2/14/2024 6:55 AM

108		No	2/13/2024 10:43 PM
109	Other	Its too far away, one hour for me, sub office for info at Interlakes would be h Great, maybe a pre fab bldg like interlakes library beside library In town combine all gov offices. Its challenging as a newcomer when all local, and municipal offices are spread all over town in separate buildings. Would be nice to walk into one building and deal with all gov business in one building.	2/13/2024 10:38 PM
110	Invasive Plants	Your own CRD buildings have invasive plants. Stop ignoring your own buildings and relying on concerned residents to do the work for you.	2/13/2024 10:06 PM
111	Non CRD Service	Road repair	2/13/2024 10:02 PM
112	Governance	It's a rural area and we moved here not expecting much. I am not disappointed with the services available to us but find many long time residents are against change (improvements).	2/13/2024 9:57 PM
113	Recreation	Community pool	2/13/2024 9:52 PM
114	Recreation	Indoor pool in 100 mile house for families	2/13/2024 9:43 PM
115	Bylaw Enforcement	Better bylaw enforcement and enforcement of building and zoning bylaws in particular	2/13/2024 9:38 PM
116	Other	If you are going to do something then do it fully and correctly, not half effort, half cooked. Hire qualified staff not someone fresh from university with no experience. Hire staff that will work with others around them not belittle them . Work as a team ,quit back stabbing especially senior staff backstabbing volunteers (ie fire depts)	2/13/2024 9:35 PM
117	Recreation	A larger local community centre	2/13/2024 9:32 PM
118	Non CRD Service	Walk in clinics and more doctors needed	2/13/2024 9:32 PM
119	Governance	More transparency. ? Streamed joint committee meetings to encourage civic engagement.	2/13/2024 9:31 PM
120	Fire Protection	I live in an area that is not fire protected. I would like to see that change	2/13/2024 9:23 PM
121	Recreation	The closest recreation centre with an indoor pool and programs for all life stages is 200 km south or 100 km north, which is not a realistic distance to travel for swimming lessons for your kids, for senior aquatics programs or for teens to hang out with friends after school and shoot some hoops or socialize or to take an evening workshop after working all day. It just makes sense for our communities. The results of the last referendum that was done is regards to whether residents would want this here, are completely outdated and was not offered to all electoral areas that would use and benefit from this type of facility. The referendum questions were only offered to a very few select residents it was very bias. A new referendum needs to happen and it needs to be offered in all electoral areas that are within 100 mile house and surrounding areas (including 108 mile, Lac La Hache, Forest Grove, Canim, 97 mile, 93 mile, 91 mile and south to 70 mile, Lone Butte, Sheridan, InterLakes, Fawn Lake, Horse Lake, Deka Lake, Sulphurous, Higgins, Hathaway, Bridge Lake and Lac des Roche) to be fair and inclusive of all residents that would benefit.	2/13/2024 8:56 PM
122	Bylaw Enforcement	Phoned about a fence height. No restrictions which is unacceptable	2/13/2024 6:06 PM
123	Non CRD Service	These waste of tax payer money speed signs are absolutely useless. Get	2/13/2024 11:42 AM

	rid of them.	
124	Non CRD Service Push province to add medical walk in clinics on weekends	2/12/2024 5:01 PM
125	Other ?	2/12/2024 12:55 PM
126	Building Inspection Solid Waste Other than garbage services most of the services offered contain nothing but a hindrance to citizens working to improve their property and lives. Citizens need their rights back to create homes that serve their families without impeding them. Other than sewer and electricity oversight. The \$10 000.00 dollars spent on permits on a house would be better spent on building homes. This would lower the prices for building and create housing for generational families and housing in a very difficult time of demand and no supply.	2/12/2024 12:35 PM
127	Other some Changes would make big difference	2/12/2024 6:49 AM
128	Non CRD Service city truck wasting fuel and hours servicing streets that have less than half an inch of snow just to say they have been there	2/11/2024 1:03 PM
129	Governance Water Maintain and improve water service infrastructure. No need for an additional 2.4 % or \$93,763 for a total department increase of 17.7% The increase here is due to the creation of a new Indigenous Relations management position. CRD Directors do a good job individually. We do not need on individual doing this. Everyone has a hand in this.	2/11/2024 12:15 PM
130	Fire Protection Fix/maintain community buildings example firehall looks bad.	2/10/2024 6:21 PM
131	Solid Waste Home garbage pickup, recycling and a green waste.	2/10/2024 2:15 PM
132	Non CRD Service More policing	2/10/2024 9:04 AM
133	Non CRD Service Limit speed limit to 50kms/hr in Bouchie Lake Core Community area: hwy from firewall to Rocky's & Blackwater from school (30 kms/hr during school hours - enforced) to Claymine trails.	2/9/2024 9:01 PM
134	Governance More community input from Residents	2/9/2024 8:24 PM
135	Other Good the way it is	2/9/2024 6:51 PM
136	Library Recreation More library/arts programs for adults	2/9/2024 6:38 PM
137	no	2/9/2024 6:14 PM
138	Governance Non CRD Service We dont have many services at Canim Lake, but we are always looking for ways to expand our business. Also concerned about new land act amendments on crown land? Can there be more communication and community engagement around this? This is going to have a severe impact on everyone. I feel like no one is aware big changes are coming to crown land in BC. Maybe the CRD could communicate this in a press release, and if there is a forum for community engagement to send the link.	2/9/2024 3:25 PM
139	Solid Waste I would love to have the garbage and recycling bins in our area	2/9/2024 11:45 AM
140	Solid Waste Chimney Lake trash site is used by people from town, dangerous illegal dumping substances and the metal pile is atrocious. Money can be made to pay for the personnel	2/9/2024 9:32 AM
