Q7 Based on your previous answer, do you think the CRD should increase, decrease, or maintain existing levels of service for the following functions?
Note: Increasing service availability/levels requires additional funding from taxation or user fees since costs would increase, whereas a decrease in service availability/levels generally does not. Maintaining existing services would see only increases for inflation.

roads and non speed regulated gravel roads. Smaller sizes, lighter weight, small engine vehicles save fuel, take up less room on the roads and causes less damage to the roadways. Brings in tourism economic benefits to all communities and reduces the RCMP resources for having to chase the people who already drive ATVs from their homes to access multi use trails. Legalizing on road travel of ATVs, ORVs and golf carts, then ICBC insurance is valid. Hurts no one and helps everyone. Much more fun!

Fire Protection **Non CRD Service** I see there is a decrease in grants. I have noticed a trend in a lot of grant applications that they are mostly for municipalities, Indigenous Groups or non-profits. Can there be more of an effort to include the smaller tourism (for-profit) businesses impacted and rocked by the last 5 years? I feel like local volunteer Fire Halls are struggling as well with funds, and equipment. I know this is not on the survey, and irrelevant to you - but to be aware a lot of small resorts /campgrounds / tourism businesses are struggling with insanely increasing insurance. This is both for replacement of property and liability insurance to run the business. You are starting to see them shut down and sell, or on the verge of it. Due to wildfire activity and other factors, insurance offerings are limited and sky-high. As a small resort on Canim Lake our insurance, taxes and operating costs have doubled in the last five years. In terms of economic development to the area, this seems like a huge issue if businesses that drive tourists are starting to close and having those tough conversations. This is definitely something for your team to be aware of it.

This is something that would benefit every member of our communities. Not only would it be a social and health benefit, but it would encourage professionals like doctors, nurses and other people in the work force to move here and stay. 1	Governance Other Town Hall meetings and respecting property rights, respecting family and the right to self define, way too much interference	2/26/2024 4:12 PM
2	Building Inspection Planning It is far too difficult to build or renovate a home. We have a lot of codes and not enough permit approval. How many CRD members could steer a project of their own through the mountains of red tape?	2/26/2024 12:50 PM
3	Emergency Management Margo is GREAT... But we need to plan for fire season, before fire season starts Posted and maintained evac routes.	2/26/2024 9:29 AM
4	Solid Waste I'd like to see schools participate In multiple container recycling programs. The lack of small bins means schools only have cardboard bin and garbage bin, thus the community doesn't see schools recycling all products	2/25/2024 11:47 AM
5	Other We pay so much tax yet have virtually no services why?	2/24/2024 6:02 PM
6	Recreation There has been a lack of elected and crd employees moving forward on the obvious need and tax payer want of an Aquatic center in 100 mile house.	2/24/2024 8:15 AM
7	Fire Protection New fire hall for the community instead of the one thats falling apart and looks unsafe	2/23/2024 7:30 PM
8	Other By the way, I have counted 11 ugly shipping containers from the 108 store to my home - they have been there for years - very odd considering we need a building permit for a nice 10 x 10 shed!	2/23/2024 1:10 PM

12	Solid Waste Please keep the landfills a free service for residents. Charging tipping fees will lead to garbage dumping, I've seen it happen in my former community.	2/22/2024 7:53 PM
13	Recreation Create more trails.	2/22/2024 4:06 PM
14	Non CRD Service More police for the wackos that have to speed down Burgess Road at 100 miles an hour.	2/22/2024 12:55 PM

25	Governance Quit increasing and remove staff and associated costs for numerous duplicate services already provided by various Provincial (& Federal) Ministries! Mail isn't safe. Vehicles. Homes. People. Animals. We aren't safe and where is CRD. Worrying about spending more on a dock but refuse to put money into bylaws and law enforcement. Our lands are being scalped. Where is CRD? No where. CRD does not give a crap about the nature of the cariboo. All you care about is money and more money. Who cares about laws and the people who live here!!! CRD should be ashamed at what you refuse to do. The tax money the 108 alone provides is all you care about. Why should we be paying for the airport solar panels????!!!! There is already a dock on the 108 lake. We don't need more traffic on the lake. Quit taking our peaceful life. You have destroyed the cariboo and have not given a thought to locals and what you are bringing to our back yards. WE LIVE HERE!!!!!!	2/18/2024 8:57 AM

59	Recreation	Babies young and elderly thrive with community recreation. Improves quality of life and mental health.	2/14/2024 8:03 AM
60	Non CRD Service	Of course health care workers and emergency services need more supports.	2/14/2024 7:52 AM
61	Airports Solid Waste	Why are you increasing the cost of solid waste management and airport fees for an airport no one uses commercially in the south Cariboo? Cost of living has increased dramatically over the past few years and your aim should be to reduce or maintain taxes, not increase them! Combined with the fact that everyone's assessment values are completely out of whack, we would be charged an exorbitant amount for a service (solid waste) that currently works just fine.	2/14/2024 7:42 AM
62	Invasive Plants	Crd has done nothing for weed control along highways and roads for years. A big problem.	2/14/2024 6:55 AM
63	Bylaw Enforcement Planning	Lack of response to illegal - both by licensed and zoning-grow-ops has been horrifying. 4 years and nothing done	2/14/2024 6:50 AM
64	Non CRD Service	Cellular service	2/14/2024 5:57 AM
65	Fire Protection	Volunteer fire department not available in my area	2/14/2024 5:26 AM

73	Other	Its too far away, one hour for me, sub office for info at Interlakes would be h Great, maybe a pre fab bldg like interlakes library beside library In town combine all gov offices. Its challenging as a newcomer when all local, and municipal offices are spread all over town in	2/13/2024 10:38 PM

separate buildings. Would be nice to walk into one building and deal with all gov business in one building.

74	Invasive Plants	Your own CRD buildings have invasive plants. Stop ignoring your own buildings and relying on concerned residents to do the work for you.	2/13/2024 10:06 PM
75	Non CRD Service	Road repair	2/13/2024 10:02 PM
76	Governance	It's a rural area and we moved here not expecting much. I am not disappointed with the services available to us but find many long time residents are against change (improvements).	2/13/2024 9:57 PM
77	Recreation	Community pool	2/13/2024 9:52 PM
78	Recreation	Indoor pool in 100 mile house for families	2/13/2024 9:43 PM
79	Bylaw Enforcement	Better bylaw enforcement and enforcement of building and zoning bylaws in particular	2/13/2024 9:38 PM
80	Other	If you are going to do something then do it fully and correctly, not half effort, half cooked. Hire qualified staff not someone fresh from university with no experience. Hire staff that will work with others around them not belittle them . Work as a team ,quit back stabbing especially senior staff backstabbing volunteers (ie fire depts)	2/13/2024 9:35 PM
81	Recreation	A larger local community centre	2/13/2024 9:32 PM
82	Non CRD Service	Walk in clinics and more doctors needed	2/13/2024 9:32 PM
83	Governance	More transparency. ? Streamed joint committee meetings to encourage civic engagement.	2/13/2024 9:31 PM
84	Fire Protection	I live in an area that is not fire protected. I would like to see that change	2/13/2024 9:23 PM
85	Recreation	The closest recreation centre with an indoor pool and programs for all life stages is 200 km south or 100 km north, which is not a realistic distance to travel for swimming lessons for your kids, for senior aquatics programs or for teens to hang out with friends after school and shoot some hoops or socialize or to take an evening workshop after working all day. It just makes sense for our communities. The results of the last referendum that was done is regards to whether residents would want this here, are completely outdated and was not offered to all electoral areas that would use and benefit from this type of facility. The referendum questions were only offered to a very few select residents it was very bias. A new referendum needs to happen and it needs to be offered in all electoral areas that are within 100 mile house and surrounding areas (including 108 mile, Lac La Hache, Forest Grove, Canim, 97 mile, 93 mile, 91 mile and south to 70 mile, Lone Butte, Sheridan, InterLakes, Fawn Lake, Horse Lake, Deka Lake, Sulphurous, Higgins, Hathaway, Bridge Lake and Lac des Roche) to be fair and inclusive of all residents that would benefit.	2/13/2024 8:56 PM
86	Bylaw Enforcement	Phoned about a fence height. No restrictions which is unacceptable	2/13/2024 6:06 PM
87	Non CRD Service	Push province to add medical walk in clinics on weekends	2/12/2024 5:01 PM
88	Governance Water	Maintain and improve water service infrastructure. No need for an additional 2.4 % or \$93,763 for a total department increase of 17.7% The increase here is due to the creation of a new Indigenous Relations management position. CRD Directors do a good job individually. We do not need on individual doing this. Everyone has a hand in this.	2/11/2024 12:15 PM
89	Fire Protection	Fix/maintain community buildings example firehall looks bad.	2/10/2024 6:21 PM
90	Non CRD Service	More policing	2/10/2024 9:04 AM
91	Governance Non CRD Service	We dont have many services at Canim Lake, but we are always looking for ways to expand our business. Also concerned about new land act amendments on crown land? Can there be more communication and community engagement around this? This is going to have a severe impact on everyone. I feel like no one is aware big changes are coming to crown land in BC. Maybe the CRD could communicate this in a press release, and if there is a forum for community engagement to send the link.	2/9/2024 3:25 PM
