2025 Business Plan 150 Mile Fire Protection (1327)

Cody Braaten, Manager of Fire Administration

Working in partnership with communities large and small to offer local, sub-regional, and regional services to ensure that the Cariboo Chilcotin is a socially, economically, and environmentally desirable region.

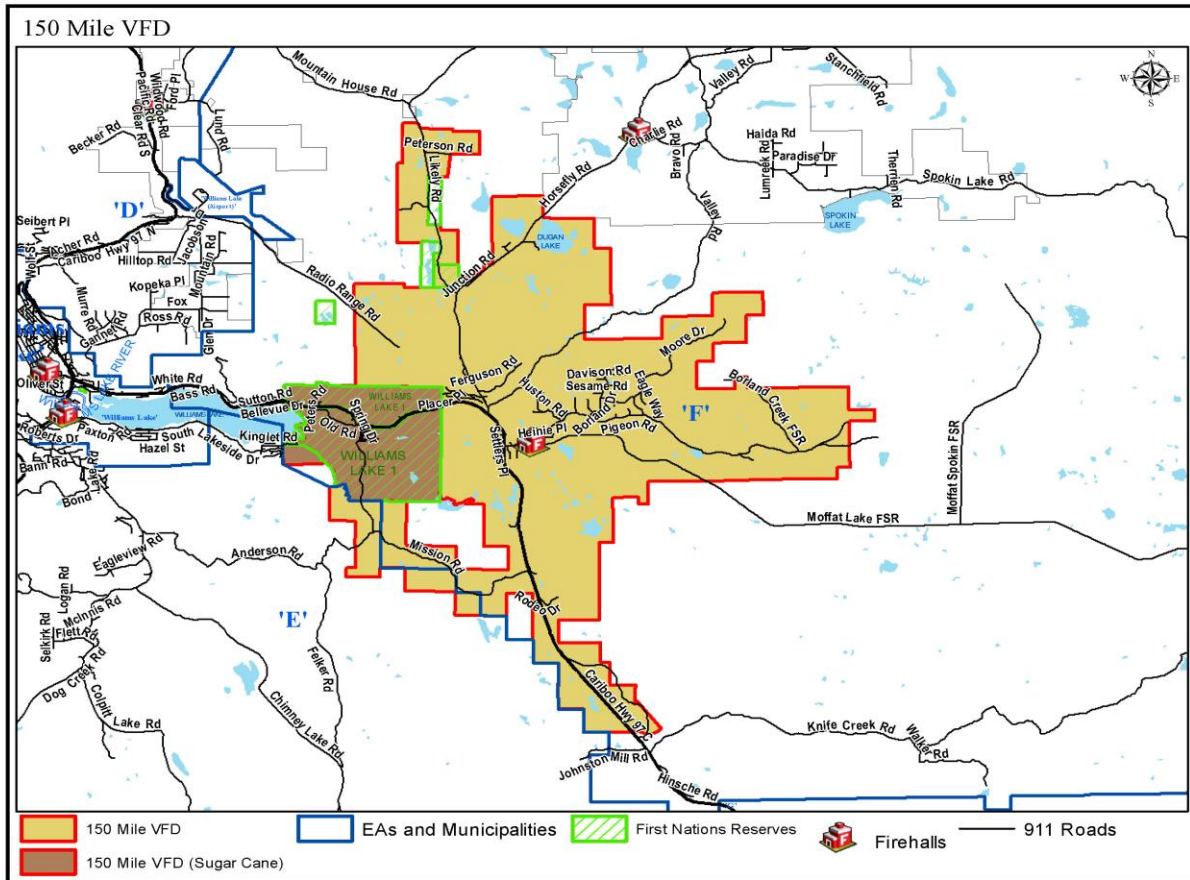

Department/Function Services

The 150 Mile Volunteer Fire Department, authorized by Bylaw No.'s 3897 (2004), 3940 (2004), and 4088 (2005), was established as a function of the Cariboo Regional District in 1982. 150 Mile Fire Protection is funded by a taxation rate applied against the assessed value of land and improvements within the local service area. The maximum taxation rate that can be applied is the greater of \$125,000 or \$1.28/\$1,000 of assessed value.

The 150 Mile Volunteer Fire Department provides fire protection and first responder services within their specified area.

The Directors for Electoral Areas E and F are responsible for the governance of this function.

Business Plan Goals, Rationale & Strategies

2025 150 Mile VFD Goals

1. **Goal:** Expand existing training grounds.
Rationale: A more robust facility will allow for better trained firefighters and safer emergency responses.
Strategy: Use capital funds.

2. **Goal:** Review current status of the firehall building.
Rationale: Firefighters need a safe and functional space to respond to emergencies from.
Strategy: Use operating funds.

Significant Issues & Trends

Issues: Recruitment and Retention; Capital Asset Management; Records Management; and Equipment Standardization.

The sustainability of small volunteer departments is being challenged not only by rapidly increasing legislative requirements and related costs but all the increasing administrative demands which accompany these requirements.

- **Recruitment:** Protective Services will continue to work in conjunction with Communications to enhance advertising programs ensuring maximum exposure on multiple platforms in regard to recruiting.
- **Capital Asset Management:** The Cariboo Regional District is researching options for an asset management program. Protective Services will work with other departments to utilize this to identify possible shortcomings of the firehalls and hire qualified professionals to evaluate the buildings.
- **Records Management:** Protective Services staff will work with VFD personnel to implement and maintain records management for all fire department documents as per mandated requirements.
- **Equipment Standardization:** The standardization of equipment will allow for better operational functionality during emergency response with mutual aid partners. Protective Services will establish a committee to choose standardized equipment and work with Procurement to purchase as budgets allow.
