PROJECT INFORMATION

1. Brief Description of Proposed Use of Grant Being Applied For:

We are applying to help our Halloween activities. Trunk or treating is great fun for the entire community. We have a number of members of the community that decorate their trunks and trailers and park at the hall, they hand out candy to the children that trunk or treat, we also provide candy bags, hot coffee, hot chocolate, and hot dogs to all attendees. At the end of the night we have a wonderful fireworks display safely deployed by the local volunteer fire fighters.

2. How do you know there is a need for this service/project in our community?

With our area being as rural as it is traditional trick or treating is not really a possibility, and driving all our children to town (100 Mile house), can be a burden, and not as much fun for the children. This event has an average attendance of 200-300, 150-200 of these children under 12. Though the past year the attendance was closer to 350-450, with over 250 being children. This lets us know that it is appreciated and we feel is well attended.

3. Start date of the project: 10/31/2025 **End date for the project:** 10/31/2025

4. Describe the key activities and timelines to complete this project: This event that takes about 3 weeks of planning and organizing to all be executed on Halloween night, with clean up all completed before our volunteers go home. We must secure the firefighters, fireworks, and food/treats. Volunteers put together the goodie bags that week, and the hall must be opened up that day to cook all the hot dogs, place them in buns and in the warmers. Coffee, and hot chocolate must be prepared and hot before guests arrive.

5. How will you determine if the project/event was successful? We determine the success by the number of attendees, especially the amount trick or treaters that we serve.

6. Does your organization have sustainable funding? Please explain. we rely mostly on grants from the CRD, rentals of the hall, and donations from the community. The rentals are mostly small user groups (OUT, yoga, Volleyball), community activities (belly dancing, dance lessons), birthday parties, and celebrations of life, we also do get some weddings.

7. Is your agency applying for funds from other sources for this project/event?

No

If so, which organizations? 0

8. Describe the impact of this application being denied or approval of an amount less than requested. Will you be able to complete the project/event if you do not receive the funds applied for?

We would have to reduce or eliminate some aspects of the event, less or no fireworks, possibly less goodie bags for the children. We would still put on the event but it would not be the same as it has always been, and what the community would expect from it. May reduce numbers in future years as well. It would have huge repercussions.

9. Does your organization charge user fees/membership/admission? If yes, attach your current fee structure.

Yes

10. Does your organization receive any other support(s) from the CRD? (i.e. financial support, rental subsidies, contribution agreements, tax exemption, use of CRD-owned facility) If yes, what support(s) and how much?

tax exemption, 100%

11. How will you recognize the CRD's contribution to your organization?

We are always grateful and appreciative of any and all funding that we receive. We will mail out a letter with copies of appreciation certificates that will be displayed in the community hall.
