

Q1 Which Electoral Area / Municipality do you live in?

Answered: 327 Skipped: 0

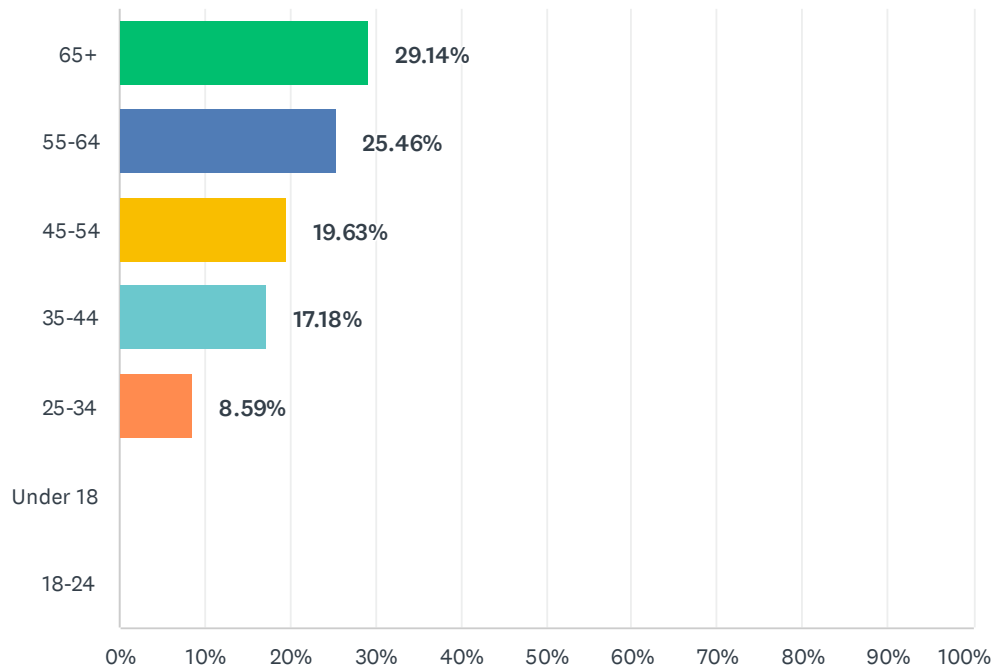

ANSWER CHOICES	RESPONSES	
Electoral Area A - Red Bluff / Quesnel South	11.31%	37
Electoral Area B - Bouchie Lake / Quesnel West	4.89%	16
Electoral Area C - Barlow / Barkerville	2.14%	7
Electoral Area D - McLeese Lake / Williams Lake North	5.20%	17
Electoral Area E - Dog Creek / Hodgson / South Lakeside	7.03%	23
Electoral Area F - 150 Mile / Likely / Horsefly	9.79%	32
Electoral Area G - 108 Mile / Lac La Hache	16.21%	53
Electoral Area H - Canim Lake / Forest Grove	6.12%	20
Electoral Area I - Nazko / West Fraser	1.83%	6
Electoral Area J - West Chilcotin / Anahim Lake / Nimpo Lake	1.53%	5
Electoral Area K - East Chilcotin / Alexis Creek / Riske Creek	1.22%	4
Electoral Area L - Interlakes / Lone Butte	14.37%	47
District of 100 Mile House	7.65%	25
City of Quesnel	1.22%	4
District of Wells	0.31%	1
City of Williams Lake	8.26%	27
I don't live in the Cariboo Regional District (please specify which community you live in)	0.92%	3

Q7 Should the CRD increase, decrease, or maintain existing levels of service for the following functions? Note: Increasing service availability/levels requires additional funding from taxation or user fees since costs would increase, whereas a decrease in service availability/levels generally does not. Maintaining existing services would see only increases for inflation.

Q8 Is there anything you would like to add about service levels and availability in your area?

Answered: 138 Skipped: 189

#	RESPONSES	DATE
1	Taxes I couldn't find any mention of last year's strike when you failed to provide most of the above services for two whole months. If the purpose of taxation is to recover costs then we should expect a reduction in our taxes in accordance with what I assume must have been a huge savings in payroll. Where did that money go? Two months worth of wages for the majority of your staff evaporated without impacting the budget? The options you present us with are: unchanged taxation for reduced services, increased taxation for the same services (which I assume must include two months annually of unscheduled shutdown going forward or else there will need to be even larger increases to cover the extra two months of payroll every year), or the third option, heavy increases in taxation for what I assume equates to increased staffing with no corresponding effect on service. You have no right to increase or even maintain taxation levels given last year's total failure to do your jobs.	2/18/2025 1:37 PM
2	Libraries the library needs to be open at least 6 days a week, and not open until 8 pm	2/18/2025 10:23 AM
3	Contribution Services Public transit for Kersley should be considered a priority.	2/18/2025 6:43 AM
4	Recreation Ashcroft and Williams lake have a pool- I dont even have kids and I know how badly our community needs one!!!!	2/18/2025 4:32 AM
5	Recreation A swimming pool is vital for arthritis and other ailments. I pay taxes for an ice rink that is for a select few but my needs are ignored. I don't want to pay taxes on something that I can't use	2/17/2025 8:28 PM
6	Solid Waste I don't support curbside garbage collection for Red Bluff. Expanding waste management services and increasing taxes penalizes households that make the extra effort to minimize waste production (by shopping conscientiously, recycling, composting, etc.) by forcing them to subsidize those that produce more garbage. Furthermore, offering curbside trash pick-up without curbside recycling will only incentivize people to throw out items that should be recycled.	2/16/2025 8:16 PM
7	Taxes I do realise that improvements to services require an increase in taxes.	2/16/2025 7:18 PM
8	Taxes Reduce your budget to stay within means and reduce tax Increases on already precarious families and businesses. Cut your staff and services to what matters most.	2/16/2025 11:06 AM
9	Taxes We don't need a government within a government, just another way to get our tax dollars	2/16/2025 5:24 AM
10	Non-CRD Services Snow pushback from driveways used to be done at least once a year. It has been non-existent the last couple of years. Taxes go up, services go down. This is un acceptable to me.	2/15/2025 5:42 PM
11	Grants for Assistance Non-CRD Services Taxes Also completely cut unnecessary programs, unnecessary snow plowing, grants, pride parade etc..Lower taxes or money could be spent on removing crime from downtown. Build more jails and prisons and lock people up instead of realeasing them. mandatory drug rehabilitation. After crime has gone down, use the facilitys to for low income housing. Start thinking about the future for plans that make common sense... you need to stop funding things that private groups and individuals can easily raise the money them selves... citizens tax dollars should not be going to special interest groups... its discusting how our tax dollars are being spent for idiotic things. Quesnel has gone down hill and people are moving out of the area because of crime, drugs and the homeless.....	2/15/2025 10:29 AM
12	Recreation Swimming pool in south cariboo is needed and indoor walking track.	2/15/2025 8:11 AM
13	Development Way too much cost and red tape to build new houses on private property.	2/15/2025 7:31 AM
14	Recreation Taxes I want a Pool! increase my taxes for something i agree to.	2/14/2025 7:23 PM

15	Recreation Don't fund community halls in area j. Let users pay. The nearest hall to us is 110 km round trip and in 43 years I've been in it twice. It's programs are uniquely suited to its local catchment. Making me pay for that is unconscionable.	2/14/2025 6:58 PM
16	Recreation The 108 Greenbelt committee hold many more public meetings so all of the residents of the 108 Mile Ranch have input on how the greenbelt is managed. The greenbelt committee has been in their positions too long. Need the trails better maintained and more outhouses.	2/14/2025 9:00 AM
17	Engagement There is NO Detail on expenses so public input means little in this survey. All I see is anonymous BS that if used by directors provides no real clear accountability of tax money. Past efforts to survey citizens like last year only 24 responded shows clearly the CRD has no intention of listening nor changing budgets, this survey is useless.	2/14/2025 7:13 AM
18	Engagement Recreation 108 greenbelt commission needs to be accountable to parcel taxpayers. for decades there has been "NO" public consultations on greenbelt uses. bylaws are changed and impemented with no input from taxpayers.	2/14/2025 7:05 AM
19	Engagement Bring back the tennis court.	2/14/2025 7:00 AM
20	Non-CRD Services Clearing end of driveways after the grade plows you in	2/13/2025 4:17 PM
21	Engagement More interaction from the village, (elected members).	2/13/2025 11:10 AM
22	Administration Taxes It looks like the only thing you are increasing taxes on are administration costs...ie paying you more wages. Maybe you guys are too top heavy.	2/13/2025 10:09 AM
23	Solid Waste Utilities Would really like my rural location (about 30 km North of Quesnel) to have some services - water, sewer or even garbage pickup.	2/13/2025 9:34 AM
24	Taxes Less moneyspent on overhead and cleaning up sending on wages and mainstream some services. Keep crd functions to crd not doinf bc wildfire jobs	2/12/2025 5:19 PM
25	Recreation If you build a pool like was voted on we might be able to keep professionals from leaving because there's nothing for their families.	2/12/2025 1:40 PM
26	Libraries Recreation Utilities I am an avid user of the Alexis Creek Library & think it is an essential & necessary service within our community. The community hall/arena has also been well used within our community & is essential for community connections. I do believe the Alexis Creek area would benefit from trail infrastructure, in addition to more community building supports. Also with the consistent water issues of the previous year, it would be preferred if notice was given in advance to water being shut off for the day.	2/12/2025 6:27 AM
27	Non-CRD Services Keep the town cleaner. Help reface the town. Demolish the red coach. Lower commercial property taxes and raise residential.	2/12/2025 6:19 AM
28	Economic Development Recreation You need to work on bringing back tourism. In towns like 100 Mile house where the mills have closed, tourism is all that's left. Bring back the annual ski race, bring back bonfire parties, bring back annual events that attract people from all over the province and you need to bring in bigger business. I know it sucks for smaller business but towns without Walmart and Costco die. I considered moving to the Caribou two years ago and decided against it because there's just nothing there.	2/11/2025 9:29 PM
29	Recreation Community center in wildwood	2/11/2025 8:26 PM
30	Airports Taxes Not sure why we spend so much tax dollars on 108 Airport. Should be user fee driven	2/11/2025 4:35 PM
31	Development It is so difficult to work within the ALR, here we have very little soil and eco system to sustain a Farm. However, there is little consideration of that in the Guidelines and legislation that allows other industry or business to flourish.	2/11/2025 11:33 AM
32	Recreation The area B director needs to engage and communicate with the community more than what's currently being done. She is making decisions on her own without proper consultation with the public and she has far too much control over the BLRC decision making.	2/11/2025 9:22 AM
33	Non-CRD Services The so called legal marijuana grow operations need to be abolished! We have a very large grow operation close to us and there is never any one there checking up on the operation from any authority source to make sure they are legal and have the amount of plants they are registered to have.It is much larger than they are allowed. It stinks out our	2/11/2025 9:03 AM

whole neighbourhood and has made us sickened to be out on our own property when they are venting. Get rid of them!!!!!!!

34	Fire Protection Taxes the service provided over all are acceptable. although i live in miocene and i am very disappointed in having to pay for a million dollar water tender its ridiculous and unnecessary. we had a vote that i feel was tongue and cheek that didn't consult our community well enough and was not thought out very well. it is especially stinging that i live outside of 8km but within the 13km so i am paying for a fire service that insurance doesn't think will be able to save my home (which i agree) so i am also paying unprotected rates for my insurance. its a joke and i really feel ripped off on all fronts, i would prefer to be excluded from the fire protection area all together.	2/11/2025 7:53 AM
35	Taxes I would personally like to see the size of all levels of gov't shrunk by at least 30%	2/10/2025 8:27 PM
36	no	2/10/2025 5:14 PM
37	Non-CRD Services Recreation Taxes police, fire and health as well as affordable housing should be prioritised over increasing recreational (again) as the older demographic find it difficult to use the recreational facilities due to lack of transport out of the city itself, and cost when on a fixed income. Given how society is changing I would prefer to see a change in emphasis for some services	2/10/2025 3:49 PM
38	Engagement Fire Protection Non-CRD Services Need proper emergency preparedness info for rural residents - i.e. pamphlets, town hall meetings. Less emergency persons showing up for basic ambulance calls - i.e. fire chief, 4 firemen, 2 paramedics for a simple call out to an elderly person who chose to die at home. Saw this 3 times to same house across the street in a period of 3 months. Extremely costly and having 5 extra personnel aside from the 2 paramedics seemed way over the top considering the situation.	2/10/2025 3:10 PM
39	Development Fire Protection Recreation We have no fire department and very few actual services in our area like community hall etc. It would be nice to have. Also property owners need to have less legislation and government interference on their own land. Building permits etc and how many homes should not be anyone's business but the owner of the property. There is far too much over regulation and over reach happening. People are trying desperately to make ends meet and are being taxed to death. Enough is enough.	2/10/2025 2:34 PM
40	Utilities Add sewer & water services for Ellison Subdivision	2/10/2025 1:24 PM
41	Non-CRD Services Recreation Taxes Ants are really bad in huge nests during the summer, support for this or a number to call for people to help with this situation would be awesome There are so many outside funding options or people to donate funds a community centre with a pool would be a huge asset to the community. The vacant buildings should be subject to a vacancy charge, any vacant buildings after 6 months is charge \$500/business \$2000. They can request extension if they have vacant and have planned development or changes but otherwise this vacancy charge would prevent vacancies in the buildings in town. For instance the red coach inn needs to be dealt with.	2/10/2025 8:54 AM
42	Fire Protection We had to spend over \$30,000 of our own money on fire protection equipment. We know there is little response in this area.	2/9/2025 8:28 PM
43	Solid Waste Decrease garbage pick up and increase recycling. Make sure that when we recycle, it truly gets recycled!	2/9/2025 4:03 PM
44	Utilities Add sewer service to Bouchie Lake area and possibly water service for both Bouchie and Ten Mile Lake areas	2/9/2025 3:12 PM
45	Solid Waste Promised refuse dump at Chimney Lake to be monitored and gated, nothing happened	2/9/2025 10:06 AM
46	Administration Taxes Where I am 90% of these services are not available to me but they still show up on my tax bill. These issues should be addressed but always seem to be swept under the carpet. One rule does not fit all. There should be a proper procedure to address these issues.	2/9/2025 8:05 AM
47	Invasive Plants Non-CRD Services Solid Waste I have lived here since 2018 and applied for assistance for invasive plants. I followed up several times with NO response!!!! Also I would like to know how much of our recycling is being recycled. Community and community events are vital to small towns. An increase in policing, especially break ins and thefts is needed.	2/8/2025 9:21 PM

48	Recreation I live in the 108 and the parcel tax for green belt is cheap. I would pay double to help fund more improvements at beach area like swimming docks and playgrounds.	2/8/2025 12:53 PM
49	Recreation We need a indoor POOL it would draw more people into the community and help people especially in the winter months to keep active in a safe environment	2/8/2025 11:44 AM
50	Bylaw Enforcement Fire Protection way too much junk and old vehicles visible in peoples yards, property owners not clearing brush and junk wood which endangers the whole community. put more money into fire dept. budgets and do more to train and retain chiefs and volunteers.	2/8/2025 9:39 AM
51	Administration Economic Development Libraries Taxes I have limited services, yet i am taxed on crap that i will never in a million years use. IE: Libraries, economic development and all the admin tax rates	2/7/2025 3:13 PM
52	Fire Protection The VFD in Miocene is a joke. Most members are [REDACTED] and the chief and some volunteers are [REDACTED]. Remove them.	2/7/2025 9:56 AM
53	Taxes No. CRD is doing an excellent job. Please continue to keep the costs down. Thank you!	2/6/2025 10:41 PM
54	Fire Protection We need to do all that we can to support our Fire Departments	2/6/2025 4:17 PM
55	Bylaw Enforcement There needs to be animal control in the CRD, people are getting attacked by dogs and there is no one to call. CRD Bylaw says to call the SPCA, but the SPCA only enforces the Prevention of Cruelty to Animals Act, and won't pick up strays. SPCA says to call RCMP, RCMP says its not an RCMP issue, and to call City Bylaw. But City Bylaws only cover animals in the City limits. Its time the CRD to step up to the plate and finally get some animal control services.	2/6/2025 3:50 PM
56	Recreation Like to see trail improvement and more out houses with year round cleaning and toilet paper. The area is missing out not having an indoor pool facility. Have to go to Williams Lake which becomes treacherous in winter.	2/6/2025 3:29 PM
57	Solid Waste I would like to see composable materials being separated from regular garbage, maybe glass as well.	2/6/2025 2:10 PM
58	Fire Protection Non-CRD Services Taxes I find it confusing how more of our tax dollars go towards volunteer fire departments than our only and under funded 100 Mile hospital. Seniors and chronically ill patients are having to travel hours for appointments and services not available locally. I've used the hospital 10x more than I've ever needed a fire department.	2/6/2025 1:15 PM
59	Recreation community centre with pool and walking track and rec gym is needed for all community and large surrounding area	2/6/2025 12:49 PM
60	Solid Waste We would like better garbage and recycling services to be provided to Russet Bluff. Currently only garbage is offered and the contractor (360 Solutions) has poor administration - they forgot to take auto deposits from our account and then send us "unpaid" mail. It took calling them twice for them to figure out that the previous owner no longer lives here and to stop sending her overdue invoices.	2/6/2025 7:10 AM
61	Non-CRD Services I think the government should keep their nose out of private citizens business.	2/5/2025 8:25 PM
62	Recreation Quit trying to force us to pay for pools that will not benefit most senior rural residents	2/5/2025 7:51 PM
63	No	2/5/2025 5:23 PM
64	Non-CRD Services Very little policing presence in the Horsefly area	2/5/2025 5:03 PM
65	Non-CRD Services Road mainenance - wasn't sure what dept this would fall under. It has been almost 20 years since our road, Millar Rd on Horsefly Lake, as been re-gravelled. We are down to the road base in most parts on the road. Also, logging trucks have been running on it for about a year now--spring could be a problem for drivers/residents. Also, the road hasn't been brushed in years---the overgrowth is getting dangerous especially, again in the spring, once the overgrowth starts leafing up.	2/5/2025 12:01 PM
66	Administration third party audits on expenditures for VFD, community hall, CRD director, all	2/5/2025 9:37 AM

	contractors for CRD.	
67	Economic Development Draw people to the South Cariboo region.	2/5/2025 8:56 AM
68	Recreation Would like to see 1 pool put in	2/4/2025 10:25 PM
69	Recreation 100 Mile needs a pool	2/4/2025 10:11 PM
70	Non-CRD Services Russet bluffs needs to be plowed more in the winter months.	2/4/2025 8:19 PM
71	Non-CRD Services Yes get a bypass so we are not stuck when the close the Quesnel river bridge and the Johnson bridge at the same time or there is an accident.	2/4/2025 4:08 PM
72	Administration Taxes There's way too much government at tax payers expense! Budgets are good debt bad!	2/4/2025 2:23 PM
73	Non-CRD Services Increase funding for snow removal and road maintenance (potholes). Charge the trucking companies for gravel road destruction they are causing. Residents shouldn't have to pay for their damage.	2/4/2025 8:19 AM
74	Emergency Services Fire Protection Funding for rural fire departments and their emergency services.	2/4/2025 8:19 AM
75	Bylaw Enforcement By law enforcement is not happening. I have filed complaints against existing by laws and did a follow up with no change of behaviours by those who violated the by-laws. By laws must have enforceable penalties or do away with all by laws.	2/4/2025 8:00 AM
76	Non-CRD Services Find a new airline to service this community. Central Mountain Air is not reliable	2/4/2025 6:55 AM
77	Taxes Stop looking for new ways to spend money and concentrate on reducing costs for existing services.	2/4/2025 6:51 AM
78	Solid Waste Speed up the garbage pickup plans in Red Bluff and with the City build a decent recycling depot with decent management. Dont just contract it out and be done with it.	2/4/2025 6:38 AM
79	Recreation Swimming pool, pickleball courts	2/4/2025 6:11 AM
80	Engagement Without Steve Forseth, we would never know what is going on. Directors, once elected seem to disappear. Never heard from again until elect time. More open communication is a must! It isn't a secret club folks. Directors who are on more than one Council are not focused and likely in a conflict of interest position.	2/4/2025 5:02 AM
81	Recreation Multi purpose facilities to house and host various community related events, sports, cultural and artistic, private and corporate rental spaces.	2/3/2025 5:08 PM
82	Taxes There is insufficient funding allocated to specific districts that provide support to surrounding communities.	2/3/2025 3:05 PM
83	No	2/3/2025 2:54 PM
84	Airports Development Recreation Solid Waste Organics compost facility or service would be nice. Increased flights into and out of Quesnel Airport. Faster building permits and inspections. Increased maintenance and upgrades to existing public facilities (ie rec center in Quesnel is on very poor shape). Trails in Quesnel are awesome!	2/3/2025 2:03 PM
85	Non-CRD Services Cell service is substandard, internet access is limited and expensive,	2/3/2025 7:41 AM
86	Non-CRD Services better road repair in 103 mile, filling potholes with gravel & driving over it is a waste of time & employee wages	2/3/2025 7:36 AM
87	Non-CRD Services Promoting Education and workforce development	2/2/2025 11:26 PM
88	Non-CRD Services City of Williams Lake water is very poor. I have filters and it's still bad. Manganese is filling all the plumbing with black sludge. Fireworks are fine during celebrations but in my neighborhood, in a residential area in town, fireworks happen almost every weekend.	2/2/2025 9:06 PM
89	Contribution Services the 108-100 mile house bus is so important! it would be great to have that service on Saturdays during special events such as music in the park or hot July nights and similar events.	2/2/2025 8:36 PM
90	No	2/2/2025 11:59 AM

91	Solid Waste Allow rural residents to use any dump. Ie:Mclease residents using Wildwood on their way to work. The Mclease dump being where it is is such a huge carbon footprint. Sheridan hill takes a lot of fuel. For residents and garbage trucks, plows etc. We recycle only to pollute more? It doesn't make sense, does it? An area director that doesn't cater to the same few would be good as well.	2/2/2025 8:41 AM
92	Non-CRD Services Utilities We should have water and sewer services tied to Williams Lake Our road hasn't been paved for over 30 years	2/2/2025 7:04 AM
93	Economic Development Need economic development badly	2/2/2025 5:45 AM
94	Non-CRD Services Not sure if budget has anything to do with it, however sidewalks or increased speed controls on Maple Drive are so badly needed. I watch massive logging trucks, local dump truck operators and seniors speed through the school zones every single day. It's terrifying and it shouldn't take another dead child to do mitigate the risks.	2/1/2025 8:18 PM
95	Recreation Utilities Would like to see more in our area Ex:fox mountain: street lights, community hall, playground	2/1/2025 6:50 PM
96	Contribution Services Taxes Decrease recreation tax and increase user pay. Consider transportation services for rural areas.	2/1/2025 4:53 PM
97	Fire Protection Invasive Plants Non-CRD Services So many lakes yet hardly any access to them. Need more public access POSTED SPOTS to the lakes. Invasive control, how about some on CRD property. Neighbours addressing the weeds but the CRD property next door is riddled with weeds, why bother dealing with them?? Fire, what's going on with the fire hall in FG? Looks like it's falling apart. CRD building maintenance appears to be non existent. Emerg services, just waiting for an event to happen yet there is a whole department hired to wait for the event.	2/1/2025 3:56 PM
98	Taxes Many of people living here are older just living on pension so they can't afford anything what would cost them money increase on property tax which is already to high.	2/1/2025 3:52 PM
99	Non-CRD Services Recreation After visiting other communities throughout the province I realize how little 100/108 mile has. There is nothing for the kids. Abandoned and dilapidated buildings ruin the towns image and money is not spent trying to pull professionals in from other areas. They would love to see a money spent to save the failing movie cinema, a taxi/rideshare system or at least a frisbee golf course in town or at the ranch.	2/1/2025 3:47 PM
100	Non-CRD Services Solid Waste Reopen the share sheds at the various transfer stations. It's a much needed service that should be available. Finish repaving Huston Rd in 150 Mile House and repair Pigeon Rd bridge/road so there isn't a bump.	2/1/2025 2:22 PM
101	Development Economic Development Invasive Plants it would be nice if invasive species management of the 108 green belt focused on the canada thistles - i've only seen spraying for bluets, but i wonder how effective that can be given many people grow them in their lawn more transparency about land use and economic development would also be nice	2/1/2025 12:02 PM
102	Non-CRD Services The school district is not providing enough support for local residents to find available recreational times after scheduled class time.	2/1/2025 8:48 AM
103	Administration I think that the CRD is making leaps and and bounds in my area, I can't wait for more improvements in the coming years!	2/1/2025 8:16 AM
104	Bylaw Enforcement Recreation Many services do not need an increase, they just need action. Many by-laws are in place, they are just not being actioned, such as sending out CO more frequently or enforcing the invasive weed management. I don't want more green space disappearing so that people have more trails to walk their dogs or to build pickleball courts; 108 is becoming over-developed and is looking like a subdivision instead of country living. Clean up the 108 and its beaches, forget about a pool.	2/1/2025 6:32 AM
105	Economic Development Many empty buildings in Lac la Hache. Community development & planning should be looking at revitalizing the area, improving appearance etc	2/1/2025 6:21 AM
106	Economic Development Recreation More walking trails. Bigger business	2/1/2025 4:46 AM
107	Taxes In an area where there is a higher number of seniors (108/100 Mile) balancing tax increases and services will be important since many are on fixed incomes. Given current uncertainty of future cost of living given potential US tariffs I think that focusing on low-cost,	2/1/2025 12:34 AM

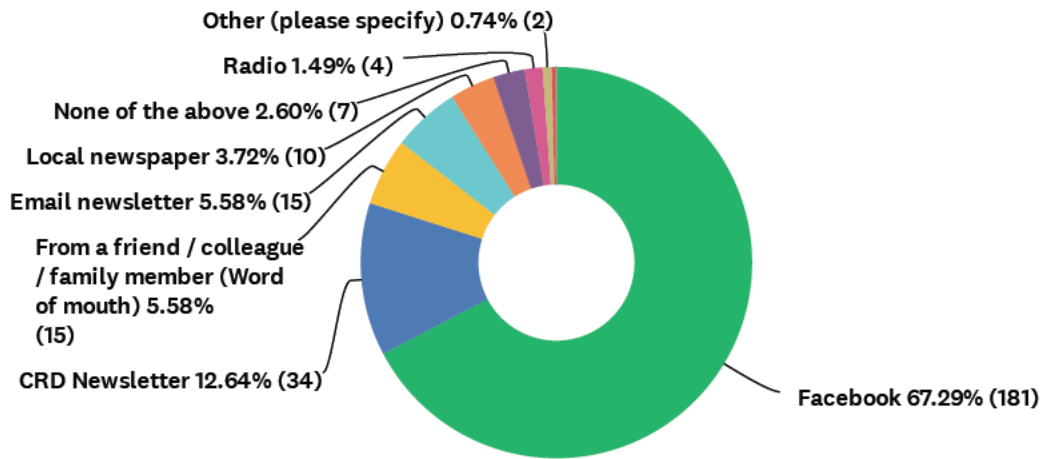

high impact improvements will be key in ensure we can all afford to meet our financial obligations

108	Taxes Stop raising taxes even if services are lowered	1/31/2025 11:27 PM
109	Our area, Miocene, should have more services equal to Big Lake area	1/31/2025 7:13 PM
110	Economic Development Non-CRD Services Recreation Having more things for economy and services for recreation for all ages. Hopefully some day a decent pool would be wonderful addition. More indigenous learning opportunities.	1/31/2025 6:46 PM
111	Recreation We lost the services from a doctor in 100 mile house due to the fact that there was no pool in the community where her son could practice, they moved to Nanaimo !	1/31/2025 1:58 PM
112	Engagement improve community engagement regarding projects	1/31/2025 1:26 PM
113	Non-CRD Services Fix the potholes in the rancheyyes that have been here on N horselake road for the last 6 years! Stop increasing my property taxes while offering no improvement in services, ie: no pothole repair	1/31/2025 8:01 AM
114	Recreation Desperately need a pool!	1/31/2025 6:23 AM
115	Recreation Access to community indoor pool.	1/31/2025 6:21 AM
116	Bylaw Enforcement We have no support for dog complaints. ie. noise, animals at large,biting. Many year problem, with no options. Containment can not be enforced. Noise levels can not be enforced. Windows can not be left open, for constant barking. Can not walk, or ride in the neighborhood, for dogs biting or chasing us. RCMP,,, not our problem... SPCA,,, none existent here... No bylaws that are enforced...Bad enough two neighbours have moved b cause of this problem. Our only answer is always, well if the animals come on your property, you have the right to shot them.... It's the animals owner who needs discipline, the animals are simply neglected . [REDACTED] [REDACTED] [REDACTED] . Feeling very frustrated. Looking at moving also. Have lived in this neighborhood 34 years.	1/31/2025 12:33 AM
117	Emergency Services Utilities With drought becoming more and more common I worry about our lack of preparedness. It is not at all unlikely that well water will dry up or at least become very unreliable and we don't seem to have a plan to maintain many of our communities when that happens.	1/30/2025 9:35 PM
118	Taxes Utilities I would like to see the street lights on Maple Drive and Gook Road remove and the taxation for these lights removed. They do not improve safety, and on some corners, make being a pedestrian less safe. Giving every resident a hi-vis vest would have been a more cost effective and safer option.	1/30/2025 8:05 PM
119	No	1/30/2025 4:16 PM
120	Non-CRD Services Solid Waste We are 20km off highway and finally, Emcon is really doing a great job up here on our roads. We don't get anything else other than access to Wildwood Refuse site so don't see much happening other than that.	1/30/2025 1:21 PM
121	Non-CRD Services Our area just has snow removal, nothing else	1/30/2025 8:56 AM
122	Solid Waste Recycling and garbage pickup every two weeks would be nice. Especially since our taxes are going up the most of any area.	1/30/2025 8:19 AM
123	Non-CRD Services More doctors	1/30/2025 8:00 AM
124	Solid Waste Please bring recycling bins to the chimney lake dump!!!! So much recycling gets thrown in the dumpster there.	1/30/2025 7:19 AM
125	Recreation 100 Mile needs a community Center with pool and exercise area and Daycare	1/30/2025 4:49 AM
126	Non-CRD Services Hospital staffing and services for 100 Mile House.	1/30/2025 3:41 AM
127	Non-CRD Services Healthcare is very hard to access in Quesnel. No walk in clinic and years long wait list to get a family doctor. ER wait time is hours long most days... I think healthcare should be priority #1	1/30/2025 1:57 AM

128	Recreation Solid Waste I would like to see food waste pick up at our homes. I would like to see accessible trails in town limits, not all out of town so you have to drive to them. Just drove up to the Esler fields today to walk the trails and the parking lots were not plowed and I was afraid I would get stuck in my little car so came back to town.	1/29/2025 10:50 PM
129	Administration Recreation Our recreations services are lacking compared to other similar municipalities. But to save costs I would like to see more individual responsibility and less government programs.	1/29/2025 10:37 PM
130	Bylaw Enforcement More bylaw in the lac la hache area... clarke ave is a disgusting mess. It's a school street!!!! Start ticketing people. Some of us are trying to make the street look nicer so the kids don't have to scared walking down our street!!	1/29/2025 9:32 PM
131	Recreation recreation facilities should provide opportunities for seniors as well as youth and adults	1/29/2025 7:16 PM
132	Bylaw Enforcement More bylaw enforcement - nuisance properties, animals etc would be appreciated.	1/29/2025 6:43 PM
133	Emergency Services Fire Protection Increase forest fire mitigation such as fire smart properties, auto sprinklers, https://superinnovators.com/2024/01/automatic-giant-sprinkler-system-protects-thatched-japanese-village/ and extend fire hydrants were feasible	1/29/2025 5:20 PM
134	Recreation I tried out the new trail at Esler near the disc golf course and ball fields and really enjoyed it. I live in Russet Bluff and would love to see some trail development there as well.	1/29/2025 4:59 PM
135	Non-CRD Services Traffic speed limit enforcement in school zones (Bouchie Lake)	1/29/2025 4:05 PM
136	Utilities It's incredibly frustrating to be on a community well that's had no upgrades, is extremely hard on my appliances/faucets ect and have multiple boil water advisories, yet we pay more then double the price now compared to 7 years ago. I would be happy to pay more if we had anything to show for it.	1/29/2025 3:14 PM
137	Fire Protection Lower fire protection taxes Miocene has some of the highest when our next door neighbours in the 150 pay a third of the cost. Maybe join the fire areas and share the cost as the overlap?	1/29/2025 3:03 PM
138	Bylaw Enforcement Bylaw enforcement is not happening the way it should. But you will not be able to make it any better with only 2 personnel in place, our area is just too big. Another idea on how to maybe work together with other institutions to make this more of a priority. If the bylaws cannot bet enforced, why do we even have them??	1/29/2025 2:47 PM

Q9 How did you find out about this survey?
