Short Summary:

2024 Annual Reports for all CRD Water Systems

Background:

Annual Reports for each of the CRD water systems must be submitted to the regional Health Authority for review and finalized by March 31 of each year. The 2024 Annual Reports for the South and Central water systems have been reviewed by the Interior Health Authority and are in final format. The 2024 Annual Report for the Benjamin Water System is still in draft format, awaiting input from the regional Utility Operators and Northern Health Authority.
