Application Name

Six Mile Corner Project - Phase 2

Applicant Portal Status

In Progress

Project Description

Six Mile Park Project - Phase 2 is a continuation of efforts and works that the Friends of Bouchie-Milburn Society (FOBM) has done to improve the Bouchie-Milburn Community Park. Our project has the following components: i) Signage and ii) Landscaping / Beautification.

i) Signage:

a) Kiosk: replacement and upgrade of the 4' x 8' existing signage; 1 side will be a Community Map showcasing the roads, lakes, streams, recreational opportunities, and historic features; 2nd side will be focused on the significance of Six Mile Corner, a story about the Cenotaph Project including the list of sponsors, and links through QR codes to additional information online;

b) Interpretive

The placement of 8-10 2' x 3' signs on single posts. These signs will focus on the following themes: Indigenous History, Early Settlement, Lakes and Streams, Veterans, Bouchie Lake Fire Department, Collins Overland Telegraph Trail, Education (historic school sites), Recreation (rodeo grounds and trails). QR codes will be included on each of the signs with a link to additional information online.

c) Century Family Recognition Plaque

Install a brass plaque recognizing the ten century families that continue to make Bouchie Lake their home.

ii) Landscaping / Beautification

Undertake some basic landscaping and beautification measures (implement components of the Concept Plan of 2010). This includes Importing soil and grass seed to the site with the objective of addressing the invasive plants that currently occupy the site. Additionally, drought tolerant plants (e.g. shrubs) will be planted.

Project Rationale ⓘ

In 2025, the FOBM completed the Bouchie Lake Cenotaph in partnership with many local businesses and organizations. This project had an overall value of ~\$18,000.00. Under this application the FOBM proposes some improvements for the Bouchie-Milburn Community Park (Six Mile Corner), will further enhance this space as a community gathering place. This project will complete the vision for the park as per the Bouchie Lake Community Park Concept Plan, dated 2010. Six Mile Corner is of historic significance due to its location at the junction of the Collins Overland Telegraph Trail (Blackwater Road) and Kluskus Trail (Nazko Wagon Road). The trail running northwest of Quesnel was originally an Indigenous route which later served as a main thoroughway for the development of New Caledonia and settlement of what is now Northern British Columbia. Initial settlement occurred at Six Mile Corner due to the presence of natural meadows that provided good forage for the mule trains on the trail. Six Mile Road House was constructed by Floyd Vernon at this corner and is still standing. An application has been submitted to the Cariboo Regional District to have this house listed as a Heritage Site on the Heritage Registry. The park is the gateway to our community. Due to its proximity to the Bouchie Lake Elementary School and the presence of the cenotaph, the park is increasingly being used by the community. A Remembrance Day Ceremony has been held in the park since 2020. In 2025, 120 people participated in the ceremony. The School also held a Remembrance Day Ceremony in the park in 2025.

The completion of this project has broad public appeal as is shown with the letters of support. The park is widely accessible to the Community and is highly visible. The elementary school is proximal to the park. There are benches and picnic table(s) currently at the site and these are often used by travelers and community members. The enhancement and completion of the park will strengthen the social and cultural structure of the community.
